Dear Residents,

June 1979

At our May 8th. Board meeting the Board approved the following:

Two tables, two umbrellas and eight sand chairs for the pool area.

Topics discussed: A letter has been written to Supervisor Riley about the noise from airplanes flying over the community from El Toro. We have painted entry and exit signs at the Community Center parking lot. Please obey all stop signs. We are still waiting for the parts for Selva Gate.

Announcements:

Tom Kimberling has been hired as the new Maintenance Supervisor. Glenna Whitney is our new bookkeeper.

Cathy Quijano has resigned as Community Center Co-ordinator. She is moving to Santa Barbara.

Silvia Moreno has resigned as secretary. She has found it necessary to stay at home to take care of her family. We are sorry to lose Cathy and Silvia. They have been an **asset** to our community.

Betty Rolapp, dedicated and loyal committee head has resigned from the Chairmanship of the Architecture Review Comm. She will continue to serve as a member of that committee.

Anyone interested in becoming a candidate for the Board of Directors, contact Phyllis Luengen at 496-5998. There will be two Directors elected this August.

The next monthly Board meeting will be held on Tuesday June 12, 1979 at 8:00 P.M. in the multi-purpose room at the Community Center.

GENERAL MANAGERS REPORT

We are happy to report that Avco Community Developers, Inc. has reimbursed the Association an additional \$1,640.18 for water service charges on property not owned by Niguel Shores. This brings the total amount to \$7,532.70 collected by the Association from Avco this year. This water meter was located along Mariner Drive adjacent to Sea Terrace Apartments.

As you know, trash collection every Tuesday is handled by Solag Disposal. Recently we have received numerous complaints about the quality of service. The South Coast County Water District has the contract for trash collection with Solag for our community. The Water District has asked me to send them all complaints from Niguel Shores homeowners with specific details and location. Therefore, please provide me with any service problems in writing, and I will pass this information to the Water District. Another trash problem concerns certain homeowners dumping their trash in the Community Center trash bin, causing it to be overloaded. If you see this happening please report any information to the Association office immediately .

Niguel Shores has experienced more wasteful vandalism to Association property in the past month. The Water District has requested that I inform you that they had 23 water meter lids broken on Gourami Bay by vandals. Also, the Association had 15 sprinkler heads and risers broken for the second time in a month along Windward near Atlantic, costing the Association \$100.00 plus labor. Finally, the guard gate at Manta was tied in the upright position causing a serious gate breakdown. Anyone witnessing vandalism, such as described above, please attempt to identify the vandals and notify the office immediately.

We have completed the guard gate modification at Garibaldi and Manta. To further assist members in understanding the operation of the gate, please remember the following:

- 1) As you drive through the gate your vehicle will drive over a loop detector sending a relay to the arm operator closing the gate after 5 seconds.
- 2) Never stop while driving through the gates.
- 3) If you keep your key card pushed into the card reader, the gate will remain open until you release the pressure and remove the card. This will enable you to let a slow cement truck or car with trailer through the gate safely.

This information, along with the rules posted at the gate, should help reduce breakdowns and costly repair.

We entered into a contract for street sweeping with Comprehensive Landscape Corporation to sweep all the community streets a minimum of 8 times annually. All the streets were swept during the month of May 1979. Please watch the bulletin boards for notice of future street sweeping.

Sincerely,
Roger D. Wilson

WHO'S WHO AND WHAT'S DOING

by Albert & Bertha Johnson

Who's Who. Her name is Mary, but she is more Martha than Mary in her ministrative service to all those coffee lovers who enjoy her ever ready refreshments on such occasions as the monthly open meetings of the Board, the town hall meetings of the Shores. Truth is, Mary Bridston is a lovely blend of those sisters of New Testament times. Gracious and practical, she is a "hostess with the mostest." Besides hostessing at the Center, Mary is a member of the very active Security Committee.

"I couldn't do what I do without my marvelous husband," Mary says. He is Colonel John Bridston, U.S. Air Force, retired. Members of St. Edward's church in Dana Point, the Bridstons are among the early residents of Niguel Shores, having lived here for seven years. They are parents of one daughter and two grandchildren living in Omaha.

Their loyalty and service to the community is especially noteworthy because they are among the two hundred or so who lease instead of own their homes. That should be an incentive to other leasers to become involved in community affairs.

What's Doing? School days are ending, baccalaureate, commencement, and indubitably June weddings are just ahead. But what to do about vacation? Motor trips look risky, even with a promise of a bit more gas, albeit at higher prices. Maybe, to quote from Thornton Wilder's classic, OUR TOWN, "Best thing to do is just stay home."

Well, we who already live in Eden, could do worse. It could be a summer for hiking, biking, jogging, or roller skating to the many neighboring pleasurable opportunities. Then there are regional cultural events reachable on a gallon or so of that priceless, precious petrol. One such is the Festival Piano Recital featuring several resident musicians at the lately acquired vintage Steinway Concert Grand piano in the Shepherd of the Hills UCC church, 30121 Niguel Road, June 17 at 8:00 P.M. Admission free. Others include "Peg O' My Heart" at South Coast Repertory Theatre in Costa Mesa, "Dracula" at Moulton Playhouse in Laguna Beach, and "Camelot" at Sebastian's West Dinner Playhouse in San Clemente.

June--Month of romance. And Oh, how a lot of us, weary with weather, outraged with prices, angry at pump lines, and certain we've had it, could use a little! Romance, that is. Even the kind we only fantacize is better than none.

NEWSPAPER AND ALUMINUM RECYCLING PROGRAM

JUNE 11 and JUNE 25 will be the PICKUP days for NEWSPAPERS this MONTH OF JUNE !

Watch your Seashore News calendar for your reminder. During May many of our residents put out papers on May 7th. as a result of April having 5 MONDAYS in the month. Remember, there will be only two pickups in any one month - always the 2nd. and 4th. Monday - none other. When there are five Mondays, as there will be in July and October, there will be three weeks between the last pick-up of those months and the first pickup of the following month.

It took a while, but it finally happened - our last pickup of newspaper exceeded ten tons - actually 20,808 pounds. Either more people are joining our recycling program - or the L.A. Times is getting heavier. It's a wonderful feeling to see the improving results of the combined efforts of a closely knit community like ours.

Our Community Center meeting room now has new window shades in the upper windows near the ceiling. Heretofore it has been nearly impossible to darken the multi-purpose room for movies or slides. Now with the new shades in place, viewing will be much improved. Thanks to the Men's Club recycling program for the funds to provide this.

We have also provided funds to equip our maintenance men with uniforms which set them apart from ordinary citizens around the Community Center and environs.

Due to a paper shortage this month, this article is cut short. More on our program next month. In the meantime - STASH - DON'T TRASH YOUR PAPERS! ! ! ! !

I LOVE
NEWSPAPERS

NIGUEL SHORES WOMEN'S CLUB

Our THANKS to the Men's Club for hosting the Women at a May breakfast. The men cooked and served a tasty meal; we can see why their club is growing.

Since the Poolside Fashion Show took place on Thursday, May 31st, there will be no luncheon meeting in June. The next regular meeting will be Thursday, July 5th. The craft class will have its regular meeting on June 14th. from 10 a.m. to 2 p.m.

Wouldn't you like to join the LUNCH BUNCH for a BEAT THE GAS CRUNCH OUTING to Fashion Island on Thursday, June 21st.? Rosemary Velarde is asking that all interested members meet at the bus stop at Niguel and Pacific Coast Highway at 11:15 a.m. to board the OCTD bus which takes you directly to Fashion Island, Newport Beach and to lunch at YAMATO Restaurant. The fare is only 35 cents each way (senior citizens ride free).

LANDSCAPE AND MAINTENANCE COMMITTEE

For the past year the Landscape and Maintenance Committee has tried to answer and take care of complaints from residents. Now the committee would like to make a few suggestions !

- 1) Garbage: If garbage is put out in plastic bags on Sunday or Monday, dogs tear the bags open. Unless concerned neighbors clean up the mess, a health hazard is created attracting rats and flies. If garbage must be put out ahead of collection day, cans with lids should be used. A neighbor will no doubt be willing to place the cans back inside the gate.
- 2) Dogs: Summer is here--children play barefoot in the green belts--when you walk your dog do you "stoop and scoop"?
- 3) Weeds: Now is the time to get them out, before they go to seed and blow into your neighbor's garden.
- 4) Paint: The Men's Club has set a good example by painting street signs, lamp posts, and trim around the Community Center. Residents are urged to look closely at their homes. If paint is needed, a good paint job will not only preserve the house, it will add to the attractiveness of the whole community.

RECREATION

Despite the uncertainty of the weather, the 1979 Steak Barbecue appears to have been a super successful event ! Compliments are still being received regarding the excellent dinner and the terrific band. A good cross-section of music was played and the dance floor was certainly not lacking participants. Fun was the name of the game Saturday evening, May 19th. !

Many thanks to our "Chefs Extraordinaire " - John Densmore, Joe Drey, Larry Hanna, Ken Phillips, Buck Ewing, Frank Taylor, Bob Alexander and Ralph Quijano. Thanks also to Camille Drey, Nancy Taylor, Margaret Rippin, Den Rippin, and Emmy Lou Owen (servers); Phyllis Luengen and Ruth Ewing (ticket takers); Melanie Phillips Camille Drey, Nancy Taylor and Mary Holmes (potato bakers). And, last but not least, bouquets to Cathy Quijano, our Community Center Coordinator, who coordinated this whole affair and could be seen helping out in different capacities all evening.

Cathy's expertise and helpfulness will certainly be missed by the Recreation Committee and by many others in the Community, and we are sure you join us in wishing Cathy and Ralph (and the coming addition) the best of luck and happiness in the future.

SECURITY

Attached to the May issue of the Seashore News were the Security Committee Policy and the Guard Instructions. We sincerely hope you have reviewed them and filed them with your CC&R policies. The guard rules are intended to be fully implemented and if you notice any infraction or disregard of same, please call the Community Center at 493-0122 and report the following: 1. incident 2. gate 3. time 4. your name and phone number (for office and Security Committee use only).

Key cards only are not sufficient identification to gain automatic admittance through the guard-manned gates. The party must also present a driver's license or some form of identification showing residency within Niguel Shores Community. Ease of entrance is meant only for those vehicles displaying proper identification and is for the protection of all of us. If you are a resident, but absolutely refuse to have your vehicle properly identified, be prepared for some inconvenience! Don't take your anger out on the guard, he is only following the procedure as he has been instructed to do and as stated under Item II of the guard instructions !

REMINDER...Key cards are not recognized as proper identification in the beach parking lot - decals, daily dated guest passes or 3-month passes are !

ATTENTION TENNIS PLAYERS !

Please make a note of the new Racking Court Rules. These rules have been adopted by the Recreation Committee, and Board of Directors, in an effort to better utilize the court.

NOTICE OF RACKING COURT CHANGES

- 1) All players wishing to use the racking court must sign the blackboard when they arrive. They must also indicate the time when they begin to use the court.
- 2) Each set of players is allowed 30 minutes playing time. The time begins when you start play, not when another player arrives.
- 3) If no starting time has been logged on the blackboard those using the court must relinquish it within 10 minutes of the arrival of other players. (regardless of how long they have played)
- 4) Players should sit quietly on the bench while waiting for the court.

First in line for the racking court has priority for unscheduled times or no shows on courts 1,2, & 4.

EFFECTIVE JUNE 15, 1979, the Racking Court will be relocated to court #3 from court #1.

Court #3 is closer to the office which will assist the staff in controlling the use of the racking court. Also, starting that same date, the members will be required to sign in at the association office before using the courts.

The existing gates to the courts from the parking lot will remain locked, as will the back gate by court #4. All tennis players will gain access to the courts by first entering through the main entrance passing the offices where you will sign-in.
