E bike and motorcycle riding on our community streets

Our Board recently met with Dana Point Sheriff Capt. Frank Gonzalez and his staff in response to police reports filed by Shores residents with the Sheriff's department about illegal and unsafe E bike and motorcycle riding on our community streets. We are determined to keep our streets safe and prevent unsafe vehicle activity of all kinds.

As part of that safety effort, attached is important information on how e-bikes are classified and which age groups are allowed to use them on our streets.

Please read this material and share with younger people in your household that have access to e-bikes.
