NSCA General Manager Hiring Process

We wanted to provide the community with an update on the hiring process for a new Niguel Shores' General Manager (GM).

The Board is leading this process. You have entrusted us with the tough decisions, and this is the most important decision this Board will make. As such, it's important that we own the outcome. We have a process in place to ensure identification of a strong pool of candidates, as well as thorough screening, vetting and interviewing of candidates. We are focused on the best long-term candidates – not the quickest solution – and expect the process to take 90 days.

In terms of immediate actions, we are:

1. **Identifying an interim GM for 90 days** to manage on-site team, budget, on-going projects, and support for monthly Board Meetings. Our goal is to have an interim GM in place by September 1st.
2. **Recruiting a fulltime GM**, working through Community Associations Institute (CAI) and a professional recruiter to identify high-caliber candidates. Our goal is to have a new GM in place by December 1st.

We will keep you abreast of progress in the monthly Board Meetings, the Seashore News and e-blasts.
