SEA SHORE NEWS

FROM THE HELM

WE WON

The Orange County Board of Supervisors unanimously passed an ordinance at their February 4th meeting applying the California Motor Vehicle Code to the private streets of our Community. Implementation is proceeding and hopefully will be completed this month.

I wish to thank all of you who worked so hard behind the scene to make this a reality, the people who attended the Supervisors meeting and Frank Mead for his eloquent appeal to the Board of Supervisors. A special vote of thanks goes to Supervisor Riley and his staff for their immense help in guiding our petition through the Board of Supervisors. I hope you will all keep in mind what Supervisor Riley has done for us when you go to the Polls.

Your Board of Directors has engaged a Landscape Consultant to review our landscape operations. When his recommendations are received, the Board in conjunction with the landscape committee, plans to come up with a comprehensive plan of action to guide the Community in years to come. Hopefully this plan will solve many of the landscape complaints that have been received.

A BRIEF INCIDENT IN THE ON-GOING SAGA OF PAT AND DICK YESOOF

"Oh, Dick."

"Yes, Pat, my pet."

"There's a lady at the door who wants to sell us tickets for a fund-raising party at the recreation center on March 20. It starts at 8 o'clock."

"A party! Republican? Democratic? Peace and Freedom? Gay Liberation?"

"No, no Dick, not that kind of party! It's a WINE-TASTING Party. The Recreation Committee wants to buy acoustical tile for the recreation room."

"A wine-tasting party? HMMMMMMMM. Sounds a little odd, but with all kinds of new parties springing up right and left it might have a chance. Could just prove to be the party of the people. After all, everyone likes to drink."

"No, Dick, you don't understand. There's going to be cheese and snacks and a raffle with prizes. The people from Charles Krug are going to give the demonstration."

"Another candidate! A nobody at that...but he's already organized a demonstration. I wonder if it's going to be like the Chicago riots or if it's the old-fashioned kind with hats and horns and hoop-la. Charles Krug, hmmm. Has a nice ring to it...German...like Kissinger. He might make a good vice-presidential candidate."

"Dick, you're not paying attention. The lady says it's going to cost \$3.00 per person."

"Three hundred dollars per person!! The country is going to have to do something about this inflationary spending. What is Jerry doing back there anyway! Why in our day any fundraiser worth its cold chicken and peas was only one hundred dollars a plate!"

"No, Dick, No! Three dollars, Dick, three dollars, shall I tell her we can't go?"

"Can't go! Of course we'll go! This is an election year, the bicentennial, it's our patriotic duty to go! HMMMMM I'd better get my speech ready."

P.S. Don't forget to come,
Saturday, March 20th at 8 PM.

Abenfun will last till 11 PM and only cost \$3.00 per person. After the demonstration, Charles Krug wines will be available at 25¢ a glass. See ya there!

LANDSCAPE COMMITTEE

Our tree problem is being analysed by an independent non-resident landscape architect. His recommendations on tree trimming and removal will form the guidelines for present and future landscape maintenance. This policy should be adopted and in effect by March 15, 1976. The next Landscape meeting will be March 3, 1976.

NOTES FROM THE COVENANTS, CONDITIONS AND RESTRICTIONS COMMITTEE

Each month the CC&R Committee brings to the attention of residents one or more sections of the Master CC&R's. Many times a resident new to our community does not know of the restriction(s), or an older resident may have forgotten that what they are doing is in conflict with community CC&R's.

This month we are reminding you of ARTICLE IX, GENERAL RESTRICTIONS, Section 8: "No mobile home, boat, truck or trailer of any kind shall be kept, stored, parked, maintained, constructed or repaired, on any property or street within Niguel Shores in such a manner as to be visible from any neighboring property; provided, however, that the provisions of this section shall not apply to emergency vehicle repairs."

We have an outstanding community within Niguel Shores and through the cooperation of all residents we shall continue to maintain this type of community. There is an impound area nearby where residents can store boats, trailers and other vehicles. Information may be obtained at the Recreation Center.

Chairman
CC&R Committee

MIGUEL SHORES WOMEN'S CLUB

For all ladies who enjoyed Louise Cronk's delightful talk about her travels in Asia at our February meeting, we are introducing at our luncheon meeting on March 4th a travelogue of a novel kind.

Charlotte Lockwood, whose field is in the fascinating study of history and design of textiles, will open her 'Pandora's Box' of fabric samples old and new from a variety of foreign countries. Charlotte will explain the weaver's craft and the use of the fabric in relation to the history of the country in which it was made. We are sure that this program will be of particular interest to all our handicraft-oriented members and friends, and hope that the meeting will again be well attended.

If you haven't yet explored the newest shopping complex in San Clemente in the old City Hall area, come and join the dining-out group on Thursday, March 18th at the City Yard Barn Grill, 111 W. Avenida Palizada. Lunch at 12 noon and take time for browsing in the stores afterwards.

Two dates to note on your calendar for future months:

ALRIGHT SOCCER TEAMS!!

Congratulations to the Super Dogs for completing a championship season in the American Youth Soccer Organization for the 6 to 8 year olds. The Super Dogs were led by the following Niguel Kickers: Kenny Mahaffery, Tyson Theel, Cole Theel, Pic Mead and Pat Cook. The Super Dogs were successfully coached this year by Larry Mahaffey and Bob Theel.

Second place in the Dana Point Soccer League went to the hard fighting Beagles. The Beagles were led by Scott Richter, Ricky Erkeneff, Chris Dougherty and Donnie Duffer. They were coached by Don Duffer.

Now that soccer season has come to an end, most of these young men will now help lead the league championship Laguna Niguel Swim Team. Their up coming swim schedule will be published in the next months Sea Shore News. Try to make an effort to see these young men in action.

DEADLINE FOR SEA SHORE NEWS IS MARCH 19TH.....

HOUSEBREAKING YOUR NEW PUPPY

If you've just brought a new puppy home, he is without question the cutest dog that ever was. But as cute as he may be, he has one thing in common with all puppies. He frequently needs to eliminate body wastes. Being just a puppy, he has no idea that the backyard, or newspapers are preferable for this purpose rather than the living room carpet. He must be house-trained.

Whether you teach the puppy to relieve himself outdoors or inside on papers is a matter of convenience and the pup's eventual size. Big dogs, obviously, should be trained to the outdoors.

To paper train a pup he must be confined in a small area. The entire area, except for his bed, must be covered with newspapers. He will usually choose a corner of the area farthest from his bed where he returns consistently to relieve himself. When this pattern seems set, take away the papers farthest from the "bathroom". Gradually, remove more papers until the "bathroom" area remains. Confinement can then be lessened. Be sure he has papers available at all times. Put them in an out of the way place but show him where they are. Keep him on a regular schedule. If he shows warning signs, promptly take him to his papers.

During the first stages of housetraining, take the pup to the same place each time. After he learns that the outdoors is the approved location, begin taking him to different places and on various surfaces. Let the pup know he can relieve himself outside wherever he is led: on grass, dirt, gravel, or concrete curb.

One final note. Curb your dogs so they won't be soiling your neighbors lawn or garden. You would want them to do the same for your lawn.
