## FROM THE HELM

Dear Residents:

The County has finished the repairs of the riprap at the beach. We have asked the County to repair the black-top and concrete curbs at the beach parking lot and ramp before Easter vacation.

The computer made an error on your billing. The charges are for the 2nd quarter instead of the first quarter 1980. Billing date is April 1st rather than March 10th.

The Board approved:

1. The contract for the water diversion plan for \$10,609.00 to R.J. Noble, half of which will be paid by Avco Developer.
2. Consulting architect and fee schedules (more details page 4)
3. Decals - additional penalty for late registration of vehicles (more details page 3)

Alan Rothman is a new member of Legal Committee. Volunteers are needed for the following committees - Recreation, Communications, Security, and Finance.

Don't call committee members at their home. Forward all complaints or suggestions in writing to the General Manager. He will make sure the comments are forwarded to the proper committees.

The next monthly Board Meeting will be held on Tuesday, April 8, 1980, at 8 p.m. in the multi-purpose room of the Community Center. We invite the residents to come and give their input.

# Manager's Report

Recently we have had several reports from residents about individuals going door to door in the community either soliciting funds for some organization or else handbilling the area with fliers advertising some local business. Since both of these activities are against the Association's rules and regulations we stop these individuals as soon as we receive a call and then notify either the organization or the business informing them of our rules. In order to continue this, we need your help. If any individual rings your doorbell soliciting funds or if a flier is placed on your door, we ask that you notify the Association Office as soon as possible so that we can put a stop to it. If a flier is put on your door, please let us have it so that we can present some type of evidence to the person doing it.

For many of you who have been utilizing the recreational facilities during the past several weeks, you will have noticed, that both the dressing rooms in the Ladies and Men's room have been tiled and repainted and it is really a great improvement. Anyone seeing any type of vandalism being done in the areas are urged to let us know as soon as possible. This improvement cost money - your money, so we want it to last as long as possible.

WATER DIVERSION. The Board of Directors has also approved a contract for the water diversion at the intersection of Garibaldi and Gourami Bay. This work should be commencing shortly, so we ask the indulgence of the residents in this area while the work is in progress.

BEACH PARKING AREA. The first two rows of the Beach Parking Lot are reserved for residents only who have a valid decal or a 90 day pass. Daily passes are not permitted in the first two rows.

Vehicles that do not display a decal, 90 day pass or a daily pass and are parked in the Beach Parking Lot will be issued "tow-away" notices or warnings. The second "tow-away notice" will result in the vehicle being towed away.

STREET SIGN PAINTING. We would like to thank the Men's Club volunteers who are in the process of painting our street signs. The gold lettering really stands out and is a great help in locating the various streets in our community at night by guests.

General Manager

33654 NIGUEL SHORES ROAD

LAGUNA NIGUEL, CALIFORNIA 92677

TELEPHONE (714) 493-0122

March 20, 1980

Dear Resident:

On the recommendation of the Security Committee, the Board of Directors for the Niguel Shores Community Association at their meeting on March 11, 1980, adopted the following rules regarding the decaling of vehicles:

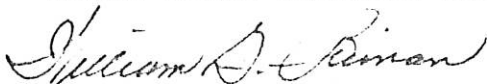

1. That effective April 15, 1980 there shall be an additional penalty of \$50.00 per vehicle for all vehicles not properly decaled. This amount is in addition to any other fees assessed previously. To be properly registered a vehicle must have a current decal or a 90-day pass.
2. That all vehicles newly acquired by a resident must be registered within 15 days of acquisition.
3. That prior to April 15, 1980 all vehicles not properly registered be stopped by a guard, the old decal number noted and the driver requested to have the vehicle registered.

Although some of you have filed a letter with the Association requesting a waiver of the original \$15.00 late fee, the Board of Directors feels that by the cut off date of April 15, 1980, sufficient time will have passed for all vehicles to be either issued a new decal or a 90-day pass. It is therefore requested that arrangements be made to obtain either a new decal for your vehicle or that you obtain a 90-day pass for the vehicle.

Registration of vehicles, issuance of decals or 90-day passes can be accomplished at the Community Association Office, Monday thru Friday between the hours of 9 AM and 7 PM.

Sincerely yours,

NIGUEL SHORES COMMUNITY ASSOCIATION

1     ARCHITECTURAL CONTROL COMMITTEE

The Board of Directors for Niguel Shores Community Association (N.S.C.A.), on the recommendation of the Architectural Control Committee (ACC) approved the hiring of a professional consulting architect to advise the ACC on a fee schedule basis. This consulting architect shall be a professional and registered architect, employed by the Association.

The consulting architect shall advise the Architectural Control Committee and review all submittals required by the ACC's Regulations, as to their concurrence with N.S.C.A. articles; aesthetic applicability and impact on the community; and, other such information as requested by the Committee. The consulting architect shall make recommendations regarding changes, approvals or disapprovals of submittals to the ACC. The consulting architect will visit the site prior to construction and/or during construction stages as conditions may warrant, but with a final site visit upon completion and prior to final approval.

The consulting architect shall present to the ACC any and all submittals which require an exception to N.S.C.A. policies, for determination of action.

The owner shall make the necessary submittals to the ACC as required by the CC&R's. Illustrative of the projects requiring prior approval are the following:

1. New building construction;
2. Additions to and/or remodels of existing building;
3. New landscaping or re-landscaping of existing properties when County Building Permit is required;
4. Changes in the exterior colors and/or materials of existing buildings;
5. Swimming pools, spas, patio covers, impervious paving materials, walls, fences and demolition of existing structures.

The owner may, and is encouraged, at his option, to submit preliminary designs and drawings to the ACC for pre-submittal review and preliminary indication of conformance to the ACC's Regulations, prior to incurring the cost of detailed architectural or landscape drawings. All submittals shall be submitted in duplicate; one copy will be returned to the owner with noted comments.

CONSULTING ARCHITECT FEE SCHEDULE

The following fees are an estimate of the cost to be incurred by the Association for the services indicated. The amount billed to individual homeowners will be the actual cost to the Association. All costs incurred by architect will be borne by the homeowner and the Association will not receive any funds for this service. The Association will collect the fees and pay them to the architect. Individual estimates of cost can be obtained at the time the first set of documents is submitted. Payment of all fees and deposits is required at the time of application with plans.

## KEEP NIGUEL SHORES BEAUTIFUL

In an effort to keep the Niguel Shores Community a beautiful area in which to live, continuous inspection trips are made throughout the community to find problem areas. Most of our problems in trying to keep the community clean is the use of improper containers to hold garbage until it is picked up by the disposal company.

County ordinances require that garbage be set out on street curbs for pick-up in "some form of impervious container" with a lid. Many residents use plastic bags; however, these plastic bags can easily be torn apart by dogs and other roaming animals. As a result, much of the garbage ends up strewn around the streets, sidewalks or else on front lawns before the trash disposal trucks get a chance to pick it up.

Trash is sometimes set out several days before it is scheduled to be picked up and empty containers are sometimes left by the curb several days after pick-up. County ordinances allow only 24 hours before and after scheduled pick-up times to set the containers out and take them in again.

We need to have a more responsible attitude on the part of all residents, in addition to that of absentee homeowners. Absentee homeowners have a responsibility to help keep the community clean by informing their tenants of our rules and the county ordinances.

The Community Association does not have a janitorial service to pick this garbage up and the disposal company does not have the time or the responsibility to collect it if it is not placed in containers properly.

PROPOSED RECLAIMED WATER SYSTEM FOR IRRIGATION

A proposed reclaimed water system to serve South Laguna - Monarch Bay - Niguel Shores area has come to the attention of the Landscaping/Maintenance Committee and the Board of Directors of our association. Following is the present status of the project as it is being carried on by the South Coast County Water District.

A preliminary study of the feasibility of the project has been completed by Boyle Engineering with funds from a State/Federal grant.

Various methods of financing the project, estimated to cost \$4.2 million, are now being explored. It has been determined that some state funds may be available to finance a portion of the pipeline which must be constructed to transport the water from the Aliso Creek treatment plant to potential consumers. Local share financing will probably have to be accomplished through an assessment district.

AVCO has signified a willingness to participate, the water to be used in the proposed AVCO coastal development.

Reclaimed water would be available to whatever extent it can be utilized in Niguel Shores. The community would have to participate in the pipeline project and be prepared to distribute the water within the community through a system independent of the domestic system. This will require a study of the existing landscape irrigation system to determine the necessary retrofit procedure and costs for comparison to benefits. There is no immediate need for our community to commit itself.

Preliminary studies indicate that substantial benefits can be obtained by the use of reclaimed water in the Niguel Shores Community. While the cost of the water delivered will probably be about the same as domestic water initially, within a five year period the cost will be substantially lower due to the steadily rising costs of imported domestic water and its related energy costs.

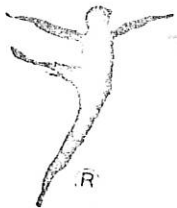

Of equal importance is this consideration: Three years ago we experienced a water shortage when drought deprived us of Northern California water. We were spared a restriction in the use of water for irrigation only because the availability of Colorado River water remained unimpaired. When Arizona completes diversion facilities from the Colorado River for use in the Central Arizona Project in 1985, our diversions will be reduced by one half and a drought at that time could result in domestic water rationing. The existance of a local source of reclaimed water would enable us to maintain our landscaped areas and relieve the demand for domestic water.

Citizens Committee

# Recycling Program

April pickup of newspapers, magazines, brochures, etc., for recycling will be:

APRIL 14 and APRIL 28

There is a three weeks interval between the last March pickup and the April 14 pickup.

The pickup day of March 10 caused some concern among our residents because the morning was clear and we had rain in the afternoon. After some consideration our recycler decided to make his regular call, but by that time a number of people had taken their papers in out of the rain, so our results were somewhat below normal. However, the March 24 pickup benefitted proportionately because of a larger than normal amount of paper.

PLEASE REMEMBER: All kinds of paper are wanted, but cardboard and carton material do not qualify. It is, however, permissible to use a carton to contain your papers. Don't forget to save your junk mail, brochures from Robinson's, Bullock's, Ward's, etc., as well as all your magazines - even Playboy!!! Use large grocery bags, cartons, or tie with string or cord. No more loose paper - - please. The paper must be rehandled by the recycler several times and loose paper cannot be controlled.

Keep saving your aluminum and deposit in the large bin on the West side of our Community Center in back of the parking lot.

Thanks to everyone who participates in this wonderfully worthwhile recycling program. We have lots of room for more participants. Just save your paper and place it at your front curb before 2 p.m. on pickup days and our recycler will pass by and pick it up, (unless it rains).

We have had some reports that a light blue truck with several men aboard are picking up our papers, and the truck is not identified as "D & J Recyclers". This truck is official, and should soon be properly identified.

STASH YOUR PAPERS UNTIL PICKUP DAY - DON'T TRASH THEM!!!

Niguel Shores Men's Club

## niguel shores men's club

At the Annual Meeting of the Niguel Shores Men's Club held on March 4th, new officers were elected to take office at the April 1st meeting. Jack Fellows was elected President; Lew Peck, Vice President; Bob Alexander, Secretary and Ed Tisch, Treasurer.

On April 8th the golfers will play San Clemente, tee off at 11 a.m. (this is first round of the annual match play tournament) and on April 22nd the Orange course at Green River, tee off 10 a.m. Our new golf chairman is Dick Harman.

On March 18th, Carol Whelan, Manager of Government Relations for the Irvine Company, spoke about the Irvine ranch history, as well as their current and future plans for development.

On April 1st our speaker will be Judge Richard Hamilton.

I want to thank all the members of the Men's Club for the wonderful cooperation I received while President. Everyone helped to make every meeting, every event and project a huge success. . . and we all had fun doing it. Truly a great group of men! I particularly want to thank my fellow officers: Jack Fellows, Vice President; Ed Gardner, Secretary and Russ Paslaqua, Treasurer and Chairman of the newspaper and aluminum recycling program. Many thanks also to Lew Peck, Bill Merrithew, Bob Pinkerton and Dick Harman for their work on the golf committee. Kudos also, to Dale Baltimore who headed our street sign and community painting project.

The Men's Club meets on the 1st and 3rd Tuesdays at the Community Center at 8:30 a.m. Breakfast, cooked by our own chefs, is \$1.25. Come in and join the fun. Incoming President, Jack Fellows, has a great year planned!

Due to guest appearances, we have had to switch luncheon and craft days and hours. Won't you please note your calendar as follows.

April 3 - First Thursday - Crafts; 10 a.m. - 2 p.m. Dig into your closet for unfinished crafts and bring brown bag lunch. Maralee Davis. 496-1049

April 10 - Second Thursday - Salad and Dessert Luncheon - served promptly at 12 noon.

The gifted, award winning high school students, Loara Chamber Singers, will perform here for a third time, thanks to Molly Wampler's efforts. They do have to perform at another concert that afternoon, so we scheduled our luncheon at 12:00. Helen Baltimore, Social Chairman. Please note: guests (other than Women's Club) may hear the concert at 1:30.

Jean Bulleit's Telephone Committee has done such an outstanding job of calling for reservations that we have surpassed attendance records. You may make reservations by calling anyone on the Telephone Committee: May Holmes 493-2624; Mary Pence 496-7953; Emily Salazar 493-0435; Louise Whitney 496-8559. Thanks to all.

A guide will give us a behind-the-scenes tour of the South Coast Repertory Theatre at 10:30 a.m. For car pooling meet at the Community Center parking lot at 9:45 a.m. Luncheon will follow at a South Coast Plaza Restaurant. For reservations call Louise Wasson - 496-9602.

May 1, Thursday - 12:45 p.m. James Bruce Joseph Sievers will speak on "An American in love with His County." We expect a capacity crowd of men and women and will not be able to serve lunch. There will be coffee and dessert following the speaker.

Mr. Sievers averages 15 weekly speaking engagements to colleges, women's clubs and fraternal organizations. His patriotism inspires a refreshing look at America. Each program is moving, interesting and always receives a standing ovation. His poem "America" was entered into the Congressional Record when read by Barry Goldwater, Jr. at the 198th Anniversary of our independence.

At the end of the 25 minute program he will answer questions. There will be an opportunity to purchase his books--all hand lettered--possibly future collector's items. Do bring a guest(s). Call for reservations -Social chairman, Madeleine Wheeler 493-5727 or Helen Paslaqua 496-0978. Come early as seats will be on a first-come-first-serve basis.

# NEIGHBORHOOD UPDATE

Welcome to the Rothman family of the Villas! They lived in West Covina and West L.A. and five years ago moved from Brooklyn, New York. Alan is an Attorney and Janet is a Registered Nurse and have a five year old son, Heith who attends pre-school. They enjoy fishing, bowling, and social dancing. Because of the Welcome Wing Committee, Alan joined the Legal Committee. How nice to have enthusiastic, participating residents!

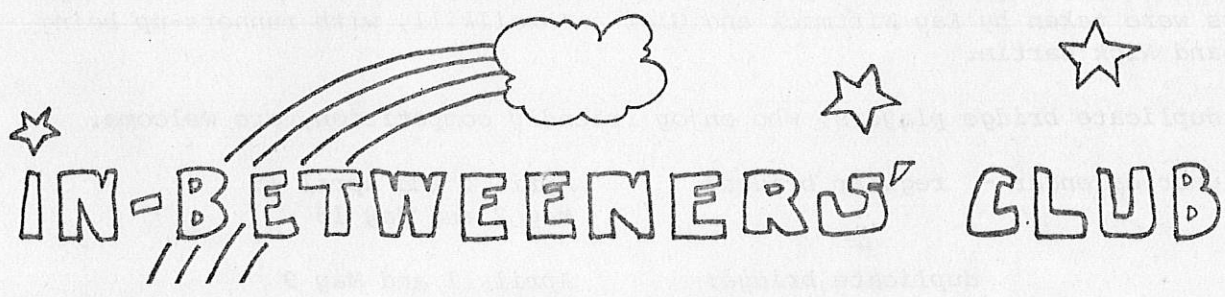

Kim Smith, daughter of Shirley and Judge Walt Smith, will be getting married this month in Laguna Hills. Kim works for Federal Savings and Loan and her new husband-to-be, Randy Fix is an engineer at Fluor. Best wishes to Kim and Randy!

Richard Drewelow, a fifth grader at R.H. Dana Elementary School, competed in a two day swim meet, March 1st and 2nd, sponsored by the Southern Pacific Association of the AAU at Cypress College. He swam in ten, 9-10 year old events, winning nine FIRST PLACE medals and one SECOND PLACE. Richard also qualified to compete in SPA Jr. Statewide Olympics in the near future. In addition, Richard is talented in other areas. He received a piano competition award for THIRD PLACE at a Jr. Bach Festival.

Colleen and Stan Thompson of Hobart Bay recently returned from a 3 week trip to Tennessee and Florida. They visited their grandson in Nashville and went to the Grand Ole Opry. Then, went onto various cities in Florida to visit relatives.

Marian Walter of Windward finds her hands full--very full. Her purebred Labrador, Nugget became the mother of 10 squealing, squirming puppies the end of February. The nine females and one male and the proud mother are doing well.

Betty and Bill Henderson of Marlinspike became first-time grandparents of a baby boy born to their son, Tom and daughter-in-law, Jan in Germany on March 10.

## IN-BETWEENERS' CLUB

The In-Betweeners will be meeting on a Saturday night this month (not Sunday). Bring your records and some munchies to share, to the Community Center Saturday, April 12 at 7:00 p.m. All 5th, 6th and 7th graders welcome. The Drama Club continues to meet on Thursday at 3:30 p.m.

## shores bridge group

The rain dampened the area but not our enthusiasm for Bridge as play continued on March 7th and 21st. Big winners on the first Friday were Carla and Dick MacNair, with second place going to Margaret Costello and Mary Wilt. On the 21st, top honors were taken by Kay Wittmack and Gloria Thrailkill, with runners-up being Mary and Nick Martin.

More duplicate bridge players, who enjoy friendly competition, are welcome.

Mark your calendar - regular bridge: April 4 and April 18  
May 2 and May 16

# An Interview With FRANK Pardi Our School Crossing Guard

By Kim D'Arcy  
age 10

Everyday on our way to and from school, kids from R. H. Dana and Capo meet Frank the crossing guard.

We can always count on Frank to be there to cross us everyday rain or shine. Frank enjoys being our crossing guard because he likes kids and enjoys being out in the fresh air. His biggest pet-peeve about being a crossing guard is rowdy kids.

During school vacations Frank likes to play Golf and his favorite season of the year is summer.

Frank and his wife Betty, who comes with him everyday, came here from Chicago, Illinois where Frank went to school. His favorite subject in school was History. Before Frank became our crossing guard he made X-ray machines.

All of the kids really like Frank and we are very lucky to have such a nice and friendly crossing guard.

# Tickle Yourself With RIDDLES!

By COLLEEN Mullen, age 9

What did the rug say to the floor?  
I've got you covered.

Why did the cat sleep with the fan?  
He wanted to be a cool cat.

What is the tallest building in town?  
A library.

What do you call a sleeping bull?  
A bulldozer.

Going to San Juan Capistrano on March 19 to watch the swallows come back is a fun thing to do.

I'm a third grade student in Old Mission School and this is an important day for the school. We have the day off from school so that we can participate in the days activities. There is dancing singing and lots of nice things to see.

# EXERCISE!

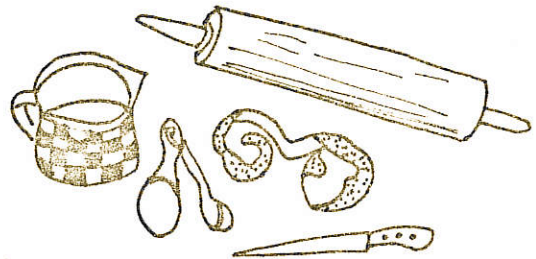

## WE JUST KEEP MOVING!

The exercise class at our Community Center keeps going year 'round. There is a new sign-up on March 31 for the next 10 week session. Come down and join us anytime and start to feel better and look great!

We meet Mondays and Thursdays from 9:00 a.m. to 10:00 a.m. and in the evenings from 7:00 p.m. to 8:00 p.m. The fee is \$25.00 (sign up in class.) Be sure to bring a mat of some sort for the hard floor. Wear clothes with flexibility and be prepared to move with the music.

## Shores Cuisine

For aficionados of strawberries, here is a recipe that can be made year 'round, not just during the strawberry season! Enjoy!

### Dessert

#### "STRAWBERRY CAKE"

from the kitchen of ELEANOR CORBETT

- 1 pkg. regular white cake mix (ignore instructions on pkg.)
- 1 heaping tsp. baking powder
- 3 tbs. flour
- 4 whole eggs
- ½ cup strawberry juice
- ½ cup cooking oil
- 1 6 oz. pkg. strawberry Jello (dry)
- 2 10 oz. boxes frozen strawberries, drained. Save juice.

Preheat oven to 350 degrees. Grease (or use Pam) 9x13x2 baking dish or pan. Drain berries and save juice. Blend ingredients adding berries last. Bake about 30 minutes or until cake pulls away from side of dish. (Toothpick will never come out clean because of moistness of cake)

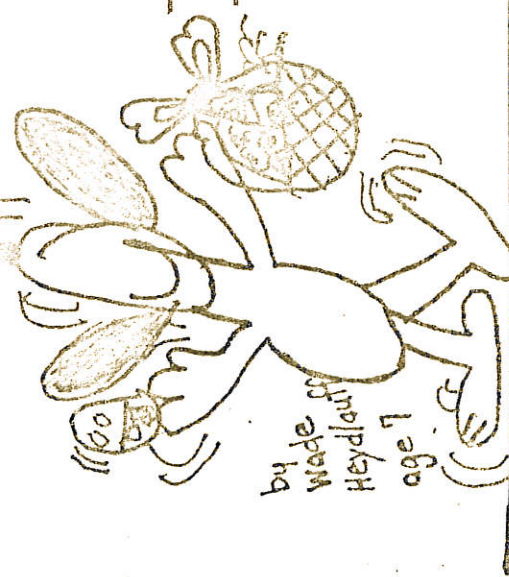

Use remainder of juice for liquid for frosting. Frost while warm. Cover cake with saran wrap for at least 24 hours before serving. Does not have to be refrigerated. Also makes three 9" layers or 24 cupcakes.

#### Frosting

- ¾ cube margarine - whipped until smooth and fluffy
- 1 lb. powdered sugar - add to margarine slowly using enough berry juice to keep it spreadable.
