FROM THE HELM

Our change over to self management is in full swing and following is a vignette of our progress. Steve Sonies has been promoted to permanent General Manager and is now hard at work to make our transition a smooth one. We hired a full charge bookkeeper to ride herd on our daily disbursements, her name is Kathy Abbatecola and we welcome her to Niguel Shores. Security Pacific Bank in Laguna Niguel was selected to administer our quarterly billing. Mike Pollock the branch General Manager has been very helpful during our negotiations and I know our association with them will be a good one. Please continue to pay UCB until you receive your new billing for the third quarter.

The trailer outside the recreation center is serving as a temporary office until construction can be approved adjacent to our present recreation office. Plans are being drawn to enclose that portion which is attached and roofed at the east end of the recreation building.

In other actions by the board, signs were approved for posting at the gates and beach parking area warning owners of unauthorized vehicles that they will be towed away at the owners expense. Residents are requested to have their guests display their guest pass in full view. New screening has been approved for the tennis courts, and accoustical panels for the multipurpose room were approved.

I'm sure most residents will agree that the landscaping has improved considerably in the past several months, we're elated but feel it is still far from what it should be. A new supervisor has been hired to oversee the crews and Steve Sonies and Jim Guthrie are riding herd on the project. Hopefully good things are around the corner.

RECREATION COMMITTEE

The Board of Directors has approved installation of accoustical panels for the south wall of the multi-purpose room. A special thanks to all of you who helped support this project at the Wine Tasting party last Spring. Your contribution will see these panels completed by the May 21st community STEAK BBQ. Hopefully our new drapes and accoustical panels will let us hear the music and our dinner partner for the upcoming BBQ.

Steve Sonies reported the soil engineers will complete testing of the pool area during April. Also Kathy McCaffrey has been hired as a recreation coordinator through the summer months. Kathy has 7 years experience with the Santa Ana Department of Parks and Recreation. The Tr P Teeners, an adult sponsored group of 7th and 8th grade children, have had an active year in our community. Their last event was a day skiing at Big Bear. However, in order to continue activities for these children more adult sponsorship is needed. If you are interested in activities for 7th and 8th grade children, please contact the Recreation Committee. We welcome your support.

Windscreens for the tennis courts #1 and #2 are on order. All of the tennis courts will be resurfaced in May. Tree trimming is also in process to alleviate the shedding of leaves onto the courts. Next community event is a Steak BBQ with live entertainment and free tasting of a new Russian Vodka. Tickets for the BBQ may be purchased prior to May 16th at the Community Center Office.

TENNIS NEWS

The Monte Carlo Masters held March 19-20 proved to be the most popular tennis event of the year with our players. The winning team of Sam Hayes and Nancy Cook were especially happy about it! Coming in second place were Jerry VanBrunt and Jennifer Mathis owned by Bobby Brookman. Many Thanks to Jim Stevens and Burr McKinnan and many others who created this special event.

A word about keeping your court dates: If players have not checked in by 5 minutes after their scheduled time, the office will page them and if there is no response the court will be given to the person next in line on the racking court. The no-show players will lose their reservation privileges for two weeks. If players have to cancel their court time, please do so an hour ahead so someone on the waiting list can use the court.

WHO'S WHO, WHO'S NEW, AND WHAT'S DOING
BY Albert and Bertha Johnson

With our new county library opening early in June, Georgia Moe, Branch Librarian, is obvious choice to star this month's column. Georgia, soon to become vital part of our daily lives, is young, gracious, alert, and innovative, ready and eager to serve the clientele of the total area.

After a degree in Anthropology from Long Beach State College, she earned her masters a U.S.C. so rose rapidly from the stacks to Branch Librarian in the Orange County library system.

On her highly competent staff in the new library at Mariner and Niguel Road, Georgia will have Virginia Smith as Library Assistant, Linnell Matthison, Childrens Librarian, Barbara Brook as Reference Librarian, and Eve Nieblas and Roberta Harlan as clerks. Additional staff members will be announced soon.

Sophia Laff, president of the Capistrano Area Friends of the Library, is heading plans for a festive grand opening to which the public will be invited.

Prior to the opening, a three week period for transfer of volumes from phased out branches to the new branch will be followed by two weeks of inventory of old and new catalogue listings that will result in a superior, complete collection worthy of the distinctive building that is the proud product of Architects Fred Briggs and Jack Cressman, Briggs being the artist who designed the Laguna Beach Library.

In our "What's doing" department, more is going on than has met the eye or ear of our faithful, highly competent column reporter Hazel Ewing, who was knocked out by a cold at dead-line time. But our beach is bustling, the sand is back, surfers are out, swimmers are in, strollers stroll, sunners sun, and gulls and squirrels sense the coming of summer and are off their weight watching diets.

Along the paseos neighbors hail neighbors while walking their dogs, cats coyly call attention to themselves inviting a friendly stroke, and the poppies, nasturtiums, and daisies delight in their weed-free banks. The jet swift swallows are back sweeping air above gardens free of pests, and mocking birds, staking their claims, rehearse for their summer concerts.

Then there is the jog set. Linda Martin reports that she and resident joggers Joan Robinson, Nancy Paul, and Mary Jo Fleig jog two miles nightly, three on week-ends. Care to join them? Call Linda at 493-5885.
