MANAGER'S REPORT

Dear Members,

Some brief comments about ongoing projects of the Board and/or staff are as follows:

1. The Association's banking and billing system (change-over) has been completed. By now, all members will have received their quarterly billing. Since the billing was sent out after the first of April, penalties for late payments were relaxed in order that members would have time to respond to the billing. Our new bank is the Bank of Orange County, located in Fountain Valley. Anyone not having the proper address for payments or having a question concerning their billing should contact the Community Center at 493-0122 weekdays between the hours of 9AM to 5PM.

2. Your Board of Directors, General Manager and the Legal Committee are still in the process of selecting a new legal counsel for the Association. A number of firms have been interviewed. An announcement concerning new counsel will be forthcoming.

3. The Board is continuing its efforts to obtain information and input concerning the South Coast Water District Water Reclamation Project and the feasibility of Niguel Shores using such reclaimed water for irrigation purposes. The membership can look forward to more information about this project in the near future.

I hope everyone will remember that May 10 is Mother's Day. Best wishes to all.

Sincerely,

Richard S. Smiley
General Manager

Sea Terrace Townehome II

Sea Terrace II is moving to an annual assessment basis effective July 1, 1981. The new full-year assessment provision replaces a quarterly plan. It is expected to result in an appreciable savings in billing and mailing costs.

At the direction of the Sea Terrace II Board of Directors, the Association is offering townhome owners an opportunity to join together in the group purchase of replacement water heaters. Participants will be able to save up to one-third of purchasing and installing a new water heater. Anyone interested can call Gene Chapman, 493-7686.

The newly installed Sea Terrace II Board of Directors is anxious to receive any suggestions for improving the community and the functioning of our Association. Members are invited to call any of these Board members:

Edmund B. Adams	President	493-4445
Charlotte Bomke	V.P./Communications	493-5694
Joe Brosnan	Treasurer	493-7115
Gene Chapman	V.P./Special Projects	493-7686
B.J. Defiel	V.P./Trust Fund	493-2678
Mal Powrie	V.P./Legal Affairs	496-6736

RECYCLING PROGRAM

On March 23, John Leensvaart, owner of D&J Recyclers, telephoned me that he would not be able to pick up our papers door-to-door any longer. March 23 would be his last pickup. He explained that he was losing money on this type of recycling program and that he was cancelling all his similar arrangements at other locations as well.

During the past month, all of the other recyclers in Orange County have been contacted and no other firm is interested in picking up papers house-to-house. The only kind of program available is one where papers are concentrated at a central location and the recycler picks up the papers when sufficient weight has been collected to make a pickup profitable for the recycler.

We in the Men's Club are anxious to continue with this very patriotic project, and our Niguel Shores Community Association Board agrees that we should continue to salvage our paper, if at all possible.

Therefore, we have made arrangements to try out a new plan submitted by Dalton Enterprises of Yorba Linda. Mr. John Dalton, the owner, has offered to supply a new storage shed, 12'x12' in size, that will hold approximately 8 tons of paper materials. It will be located, on a 6-month trial basis, on the parking area adjacent to the service area of the Community Center, between the entrance to the maintenance section of the building and the present trash container. This is the place where we now have the aluminum salvage bin. (Of course, the aluminum salvage program will continue, but the bin will be moved to another location.)

The storage shed will be made of metal, complete with metal roof, painted to blend with our own decor, and with large double doors which can be locked at night to prevent pilfering, etc.

Our residents who participate in the paper salvage program will be asked to bring their paper to the Community Center any time between 9AM and 9PM any day of the month and stack them in the storage shed. When the shed is full of paper, Mr. Dalton will pick up the paper, weigh it and pay us at the rate of \$20 per ton. The beauty of this program is that you may again save your magazines, brochures, junk mail, telephone books, etc., thus increasing our weight and salvaging all that beautiful paper which has recently been going to the trash people.

The paper MUST BE CONTAINED. As in the past, you may use large grocery bags, cartons, or you may tie the paper with cord, but no loose paper will be accepted.

Some of our participants have already indicated that they will welcome this program because the paper can be transferred out of their garage and into a storage area at more frequent intervals, thus freeing up space previously occupied by stacked paper for as much as three weeks or more.

Please continue to collect and store your paper salvage for another couple of weeks, or until we notify you by signs at the entrance gates that the new program is ready. The storage shed will be furnished and delivered to us, hopefully, within the next ten days.

Thanks again to all you participants who have enthusiastically saved your paper in the past, and we hope you will continue with the program on the new plan.

BURGLARY ATTEMPTS

In April, there were three burglary attempts reported to the office.

One incident occurred in the Shores where someone knocked on the door at 1 A.M. When the front light was turned on, the person(s) ran away.

On the same evening, a Villa resident reported that while he was home, the house lights were going out. The electrical box had been torn off the house and telephone lines were cut. The person(s) were not caught.

The third attempt was reported in Sea Terrace I where the resident reported that his sliding doors showed marks where they had been jimmied by a tool.

These incidents are beyond the control of the Security Committee. You can do your part by being alert, reporting unusual situations to the Sheriff's Dept. (770-6011) immediately, and keeping your property secure. Also report these incidents to the office. Remember, summer always seems to bring about more of these incidents so be alerted!

Laguna Niguel Community Association

My wife, Shirley, and I would like to thank Niguel Shores residents for allowing me to represent them on the Laguna Niguel Community Association Board. Please be sure and let your wishes be known so that you may be represented properly. Thanks again.

LOST & FOUND

The Lost and Found box is in the office. There are a lot of lost articles in it. In the future, any lost article brought into the office will be dated and held for ten days. If it is not claimed within ten days, it will be disposed of.

SECURITY COMMITTEE

New Key Cards: After completing the installation of the new Shores gate equipment and after allowing some time to work out some operational problems with the equipment, it now appears that the next phase of the security project can be implemented. As of the date that this publication is going to press, the staff and Security Committee are contemplating dates in May which will be set aside for the issuance of the new cards. The tentative program is to issue cards in three different segments:

1. The first group will be the Shores portion of our community. Reference to the Shores would mean any members and tenants residing or owning property on the coast side of Pacific Coast Highway.
2. The next group will be those living in the Sea Terrace II Townhomes and the Villas.
3. The third and final group to be issued cards will be the main portion of the community.

Considerable thought was given to this proportioning of the community in connection with issuing these cards. The intent is to minimize inconvenience to members and to permit a more equal work load to volunteers and staff who will be implementing the procedure and issuing the cards. Members can look forward to a letter, shortly, giving the specific dates, times, locations, etc.

Save Our Slopes

It has been reported that children are using some of our slopes as slides. If we are to maintain the safety and appearance of our slopes, it is essential that we leave the plantings undisturbed. Please don't slide, climb or walk on our slopes.

Womens Club

In the month of May, a "whirl" of activities has been planned for the Women's Club. The BUTTERFLY CARROUSEL, a coffee and fashion show, will take place on THURSDAY, MAY 7, at 11:30AM in the Community Center Multi-purpose Room. The merry-go-round of fashions from the LITTLE SHOP AROUND THE CORNER in Laguna Niguel will be modeled by the Women's Club members. Our craft group, who meet on the 2nd Thursday of each month from 10AM to 2PM, created and made the decorations of colorful hanging paper butterflies and the carrouseles for the tables. Piano music to accompany the commentator will be provided by another club member, Florence Kohler. This is a great opportunity to bring guests-you are encouraged to do so for this will be one of the most enjoyable events of the year.

On THURSDAY, MAY 21, there will be a bus trip to the California Museum of Science and Industry in Exposition Park in Los Angeles. Bring your lunch for a picnic near the rose garden. Following lunch we will view the magnificent presentation of "A Celebrational Environment," a bicentennial gift to the City of Our Lady Queen of the Angels by Tony Duquette, a world-renowned artist. The bus will leave the Community Center at 10AM and return at 5PM. Tickets are \$8.50 each, including admission to this spectacle of sight and sound. For reservations, please call Gwen Hobaugh at 493-0484.

Also mark your calendar for Thursday, June 4, for the 12:30 luncheon meeting when our resident "Mr. Fix-It," Norm Pomeroy, will be the guest speaker.

NEIGHBORHOOD UPDATE

We regret to announce that Ginny Pohlman of Dosinia Drive passed away on April 15th, Sunday. A memorial fund has been established and donations may be sent to Ginny Pohlman Fund, Shepherd of the Hills United Church of Christ, 30121 Niguel Road, Laguna Niguel. Mrs. Pohlman will be missed by her many friends in the community.

Congratulations to Ron and Cathy Jones of Periwinkle on the arrival of their first daughter, Courtney, on April 6. She was 6 lbs., 6 oz. and 19½ inches long. Travis and Darren welcome a little sister in their home.

Ah, spring is here! There's another new resident in our community named Anthony Matarazzo on Cassandra Bay. He might be considered short at 22 inches and small for 8 lbs. 9½ oz., but after all, he only arrived in the world on April 6. Phil and Marie Matarazzo are the proud parents, and sisters, Daniela and Sandra, ages 15 and 12, think Anthony's so cute! Congratulations!

LIFEGUARDS

The lifeguards on duty during the Easter week are tentatively scheduled to be with us starting June 13 for the summer months. Considerable effort has been made to hire properly credentialled, business-like young people who can maintain control of the pool and supervise the use thereof in such a way as to permit all members and their guests to enjoy use of this facility. With the return of good weather and the increased use of the swimming pool and Community Center facilities, a closer control on those using the center will be maintained. The sign-in procedure will be more strictly enforced. Members are reminded to SIGN IN PROPERLY. This will help the staff and make the operation of the center more effective.

Summer Junior Tennis

The summer Junior Tennis program will consist of three classes: Beginning, Intermediate and Advanced. They will run on a four-week schedule one hour a week with a fifth make-up, or review lesson, for \$20.

In the Beginning Clinic, the students will learn the basic game of tennis--starting with ground strokes, volleys, serves and overhead smashes. They will learn scoring and other court rules and regulations. The recommended ages for Beginning Tennis are 8 to 10 years.

The Intermediate Student will learn more of the same things as the Beginning Student, but will concentrate on correcting his weaknesses and on building his strengths through drills and practice plays. It will move more towards correcting individual problem strokes. They will learn tie-breakers and move into some strategy of the game. Recommended ages are between 11-14.

Advanced classes will be based around practice drills, working on weaknesses and extensive winning strategy techniques. The advanced classes will work more on polishing the finer points of tennis. Recommended ages are 15-16 years. Ability is always most important, age is secondary.

Jr. Clinics will start Tuesday, June 23.

Beginning class.....1PM

Intermediate class.....2PM

LADIES DAY TENNIS

New starting time-9AM

LDT continues to have fantastic turnouts but it still needs YOU there! Think these tennis clinics a lot of the gals are taking have raised everyone's game a level or two. Hang in there!!

Great seeing Marlene Smith and Hilary McGrath back on the courts again.

I've been asked for a clarification of the scoring rule when you are in a "tie" situation. It is as follows:

"Tie game of 3-3 is decided by final service going to player agreed on by opposing receivers. You do not have to alternate receivers of the final serve unless you want to."

This should be decided before you ever start to play. What court will you play--forehand or backhand? Who will lead off serving--forehand or backhand? (If the partner playing backhand starts off like a house afire--let her lead-off serving. Once established, the order of service must remain the same throughout the set.) Along these same lines, it seems ridiculous to fight your way to a tie game and then throw it away by having a weaker or more inconsistent player blow the whole thing. Is that selfish? No. When a weaker player continually loses a game for her partner, she's put under terrible pressure when thrust into that situation. Let's build confidence, not sap it. Partners should decide together whether to alternate receiving a tie serve or not. If you find it too difficult to decide, pretend you're playing for a big cash prize.

Ricotta Cake

from the kitchen of Jeanne Webb

- 2 lbs. (2pts.) Ricotta Cheese
- 3 eggs, lightly beaten
- 3/4 cup sugar
- 1 pkg. (1 lb., 2.5oz.) cake mix with pudding*
- Powdered sugar or jam (optional)

Mix together first three ingredients. Prepare cake mix according to package directions and pour into a greased and floured 9"x13" pan. Carefully spoon Ricotta cheese mixture over batter. Bake 60 to 65 minutes at 350°. Cool on rack. Sprinkle with powdered sugar and jam, if desired. Cut into squares.

*Yellow or lemon-flavored cake mix with pudding works best with this recipe as you get the effect of a Ricotta layer on the bottom. Chocolate cake mix with pudding does not give the layer effect, but tastes very good.
