Published monthly by the Niguel Shores Community Association

**FROM THE HELM** July 1983

The Board of Directors in a unanimous vote, elected Harrie Whitney to the Board as a Vice President. He is already deeply involved as liaison to the Communications Committee, the Landscape/Maintenance Committee and the Security Committee. We are glad to have you Harrie!

Last week I entered Niguel Shores through the Shores gate. As I turned up Ports O'Call, I noticed a short man high on a ladder working on a street sign. Not seeing a maintenance truck around, I stopped to inquire as to what was going on. It turned out to be Dale Baltimore. Do you know Dale Baltimore?....you should, he is your neighbor and he volunteers to keep our street signs freshly painted. He takes down the old ones.... paints them and replaces them. Thanks Dale Baltimore.....What can you do to serve as a volunteer in our community?

The paper storage building is becoming a reality. The cement flooring has been poured....the framing complete....So thanks to Norm Pomeroy for his great personal contributions and to the Men's Club, who are financing this project.

A Reminder the next open meeting of the Board of Directors of NSCA will be held at 8:00pm on the Third Thursday in July (July 21, 1983). All Committee Chairman and Chairman of Ad Hoc Committees are asked to attend or to designate a substitute to bring us a report on their activities.

All homeowners should attend this meeting as your Manager has invited a guest speaker from the Orange County Sheriff's Department to speak on crime and burglaries.

SEE YOU JULY 21st AT 8:00pm!

JUL 83

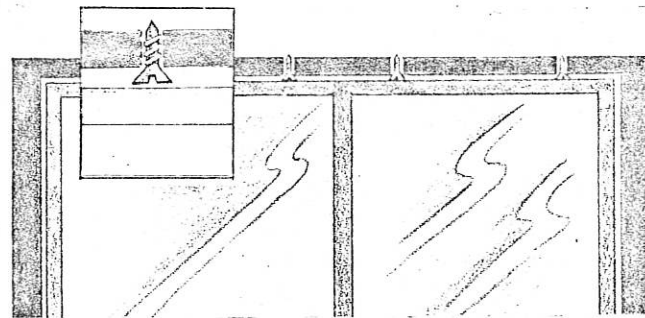

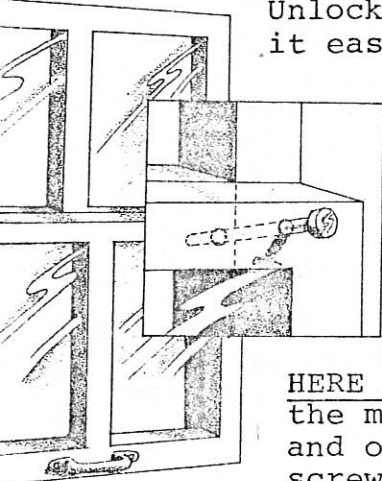

DEAR MEMBERS AND RESIDENTS.

This month's topic for my article is "CRIME" - unfortunate but necessary. As many of you know, in recent weeks, Niguel Shores Residents have experienced an increased number of Burglaries. The Orange County Sheriff's Station (Laguna Niguel) are doing everything they can to apprehend the offenders. We, at the Association Office are trying to assist where possible and practical. If you are "hit" with a Break-in: First, Call the Sheriff (911), then call the Association Office (9-5 daily), and give us the information (including the Sheriff's crime report number which OCS assigns).

### Close and lock your windows.

Recent burglaries have been made with entry through sliding glass doors. Unlocked and unsecured windows make it easy for the burglar. But most won't attempt to break a secured window for fear of attracting attention.

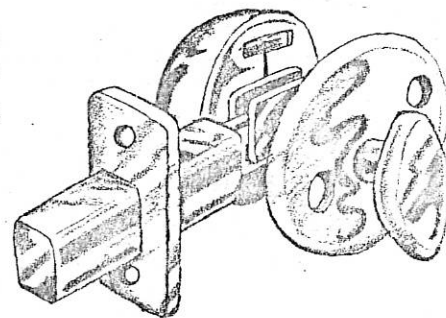

HERE ARE SOME TIPS - Secure your windows with sliding glass doors. the main objective is to keep the window from being lifted up and out of the track. This can be prevented by installing metal screws in the upper track and backing them out so there is just enough clearance for the window to slide. The majority of other windows can be secured by drilling a 3/16" hole on a slight downward slant, through the inside window frame and into the exterior window frame. A nail or metal dowel can then be placed in the hole to secure the window.

### Deadbolt your doors.

Dead bolt your doors! Door locks that can be easily forced, are an open invitation to burglars. All exterior doors should have dead bolt locks.

Your home should be well lighted - both internally and externally - whether you are at home or not!

### Light up your home.

A home that looks deserted is an easy "Target" for a burglary. Also remember, most burglaries happen during the daylight hours. Whenever you are away for an extended period, notify the OCS and a few reliable neighbors, then make sure your home looks lived in. Stop delivered newspapers, etc. - arrange for lawn and pet care - leave a key with a friend or neighbor, and have them change the position of the blinds, etc. - put some interior (and even exterior) lights on a timer - lock and secure all doors and windows. If you are having some one "house sit" contact the

**Leave your home looking "lived-in."**

(Footnote: OCS - Orange County Sheriff)

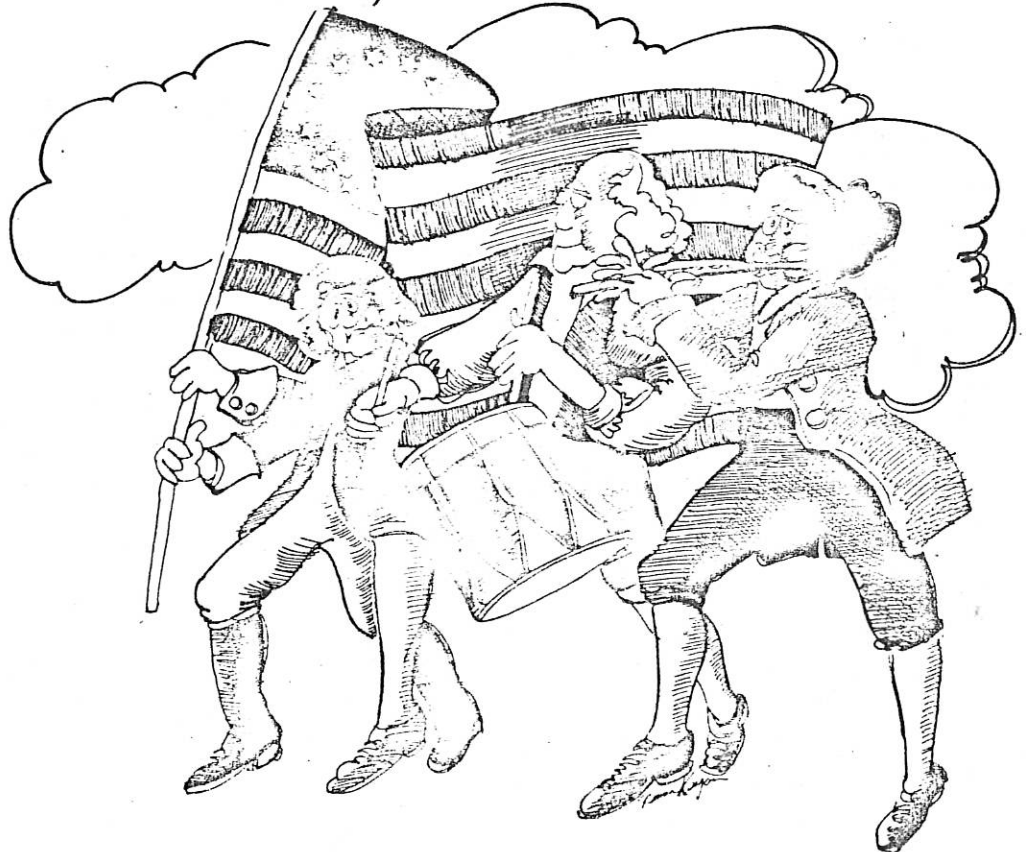

Association Office to make arrangements before you leave. Guest and house sitters need to be registered.

Remember - Niguel Shores is a "controlled access" community. Even with this added protection, a "crime" may take place. Keep the Association informed of problems, crimes, suspicious visitors, etc. Let's do all we can together, to stop crimes before they take place!

To The Residents of Niguel Shores:

During the afternoon of June 8, 1983, our home on Spindle Circle was burglarized. We now share the resentment and anxiety felt by the many other Niguel Shores residents who in the past week or so have experienced the same blatant act of invasion of privacy.

The two card gates and one manned gate make our area of Niguel Shores particularly vulnerable to the possibility of burglary by (1) an acquaintance of a resident (2) a malicious resident or (3) anyone who wants to walk in and out of the area. It is true that large items need to be transported in a vehicle. Our items were small enough to be carried out in our luggage!

We earnestly request that serious consideration be given to completing the fencing on the north side of Selva, to closing the card gates, and to adopting and immediately implementing a Neighborhood Watch program. The illegal activities and the uninvited trespassers must be identified and inhibited.

The time has past for apathy and seclusion on the part of the residents of this community. Each of us, owner and renter alike, shares in the responsibility of abiding by the rules and maintaining the standards of safety for the entire community of Niguel Shores.

Ted and Polly Buckingham

## WARNING-----CAT OWNERS BEWARE!

The office has been advised by home owners in Niguel Shores, that some domestic cats have been easy prey for roaming coyotes in the area. Coyotes are nocturnal and will roam/hunt in the evening hours. Therefore, we recommend that you keep your little pets in during the evening.

VOICE OF THE PEOPLE (Cont'd)

My resignation as a Director of NSCA was made because the two prime issues affecting our community have not been handled in the most democratic manner, a manner essential to the good health of our community!

One issue, the Community Services District, involves our existing homeowner assessment as it is used for Maintenance and related Administration. These expenses currently run about \$900 per year. The other issue, Reclaimed Water, involves a proposed additional homeowner expenditure, to provide connections and lines of about \$1,000, on a one-time basis, or, if bonded and spread over 10 years, about \$120 annually.

To date, the community has not been advised by the Board of the latest information provided earlier by the C.S.D. committee, rejecting by majority vote its publication. To date, the Board also by majority vote, has rejected a straw vote of the community on Reclaimed Water.

It is my belief that only by information dissemination and decision by the members at large will the entire community either basically support or reject these issues. And, notwithstanding that the preponderance of evidence supports a C.S.D. and rejects Reclaimed Water, I would fully support the most democratic actions.

David S. Parrett

\*\*\*\*\*

In view of this papers policy of "freedom of the press", the above letter has been printed. We do however challenge each of his figures. Three years ago, your Board of Directors turned down the C.S.D. because they felt the apparent dangers of such an arrangement outweighed the claimed advantages.

Remember, in August you (the homeowner) will have an opportunity to accept or reject Reclaimed Water for our community.

Howard Magwood  
President, NSCA

ARCHITECTURAL CONTROL COMMITTEE

All Architectural/Landscape plans are to be submitted through the Association office before 12:00noon on the Friday prior to the Wednesday Architectural Meeting. The Architectural Control Committee meets the First and Third Wednesday of Each Month at 4:00pm in the Multi-purpose Room. \*

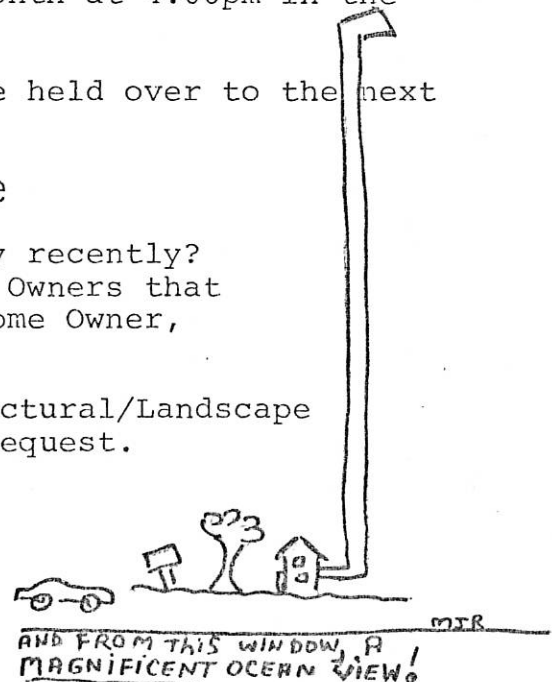

All plans submitted after the deadline will be held over to the next meeting.

Tree View Blockage

Have you looked at your trees on your property recently? The Association would like to remind all Home Owners that Any Tree that obstructs the view of another Home Owner, must be trimmed to eliminate View Blockage.

\*A copy of procedures for submittal of Architectural/Landscape changes can be obtained in the office, upon request.

## WOMEN'S CLUB HIGHLIGHTS

The Women's Club met on June 2, with an unusually large group attending. After a delicious salad luncheon, we enjoyed a showing of vacation clothes from Saks Fifth Avenue with comments from Saks fashion coordinator, Beljur Waldorf and her assistant....Besides showing us a most attractive group of coordinates, she gave many helpful hints on how to pack.

The next regular meeting will be on Thursday, July 7th. The program will be given by Judy Dawson from the DeFalla and Dawson Interior Design Group in Los Angeles. She will talk on what interior design is all about - how it affects us personally, what to look for in hiring a designer, and some of the new trends in design.

If you plan to bring a guest to the luncheon, please make her reservation at the time you make your own, so that we can have a more accurate number.

Outside Activity: Thursday, July 21st. --- "The Orange County Experience"

A narrated historical tour of Orange County, conducted by Louis Reichman, professor of history and government at Fullerton College.

We will visit the Crystal Cathedral, Rockaway Stage Route, Bowers Museum, Santa Ana Civic Center, Heritage Hill(1890's) in El Toro, and the Irvine Empire, including the Irvine Country Store, the oldest post office in Orange County, etc.

Cost of this exciting experience is \$20.00, which includes refreshments on the bus and lunch.

The bus will leave the Community Center at 9:00am and return at 2:00pm.

Guests and husbands are welcome. For reservations and further information, call Louise Wasson at 496-9602 or Farrand Elsner at 493-9445.

TENNIS - HILL & HARBOR

Congratulations Hill and Harbor Tennis Team!!

Ladies representing the Niguel Shores Hill and Harbor Team were honored at the Annual Awards Luncheon, June 1, 1983, at the Marriot Hotel in Newport Beach. Hill and Harbor is an Orange County Ladies Tennis League with over 700 women on teams at all levels of play.

The Team Trophy, now on display at the Recreation Center Office, was awarded for winning second place in the D-1 Division. The Shores Team has now earned a position to compete in the C-2 Division for the 1983-84 season. Matches will be played here of fifteen Tuesdays throughout the year, commencing mid-September.

To celebrate the successful season, team members were guests of Joyce McDowell and Diane Young for several days of relization in Palm Springs, after the final match in mid-May.

Special "Thanks" to Captain Nancy Copps, Co-Captain Vesla Allaman and Coach Chuck Tyus, for dedication and inspiration throughout the year. Also, "Thanks" to the many friends and neighbors who encouraged the players and supported the Team effort.

Stevie Erkeneff is Captain and Joyce McDowell is Co-Captain for the 1983-84 season. Any Shores lady interested in joining the Team, call Stevie at 493-6359, or leave your name and phone number in the Hill and Harbor book at the Recreation Center Office by July 22, 1983.

Host Families

IT IS TIME TO PLAN TO SHARE:

- YOUR FAMILY,
- YOUR HOME,
- YOUR HEARTS
- YOUR LOVE

The Japanese Institute for Foreign Study (JIIS, a non-profit organization) will once again be sending 30 students to our area for a short time this summer. The duration of the program is from July 22nd to August 13th. While here, they will be attending classes daily and touring places of interest with their coordinator and summer school teachers.

WE NEED YOUR HELP: We are in need of host families for these students for a short stay. As a host family, you would need to provide a place to sleep and meals only. The students will neither expect nor ask for more. Without your support, many of these students will not realize their most cherished objective in coming to the United States, an opportunity to live with Americans.

Our host families and community made such an overwhelming impression on our Japanese friends for the last four years, that the director of JIIS sent a letter expressing pleasure and gratitude for the warmth and love shown the students. And our host families have also shared the wonderful experiences they had with their students.
