FROM THE HELM

Congratulations and pats on the backs are now in order for those "Niguel Shoreans" who have undertaken and so successfully completed the remodeling of our multipurpose room and the design and decoration of our small room for meetings. The extensive improvements in decor and functional characteristics certainly provide us with more pleasant and comfortable facilities, which also are more suitable for our needs. Those of our friends and neighbors who carried most of the responsibilities, labors, heartaches and headaches were:

Dick Phares, Chairman
Norm Pomeroy, Assistant Chairman,
Board Liaison, and Construction
Superintendent.
Doris Adams, Art Activities
Dale Baltimore, Potluck '86, Paper
Salvage Committee
Gene Chapman, President, Mens Club
John Dickerhoff, at large
Stevie Erkeneff, Chairperson,
Recreation Committee
Ruth Gardner, Womens Club (at large)
Hazel Lafler, President, Womens Club
Phyllis Luengen, Committee Secretary
Don Lutz, Past President, Mens Club
Jackie Maier, Friday Bridge
Sue McKeehan, at large
Russ Paslaqua, Chairman, Paper Salvage
Committee
Donna Rosecrans, President, Moms Club
Lois Salemi, Potluck '85
Grace Smith, Past President, Womens
Club

Sub-Committee: Color and Texture

Doris Adams, Chairperson
John Dickerhoff
Steve Erkeneff

Consultants

Buck Ewing, Conceptual Planning
Bob Klitten, Audio-Visual
Linda McCarty, Interior Designer

A comforting note about the funding for the project: Of the \$21,000 plus expended, only \$2,685 came from our Association budget. The remainder was provided by the funds raised by our paper salvage drive. This should be heartening to all of you who faithfully deliver your old newspapers, magazines, phone books, or whatever to the collection shed. And perhaps this fact will encourage those who are not participating in the drive to join with us. There's everything to be gained and hardly anything to be lost.

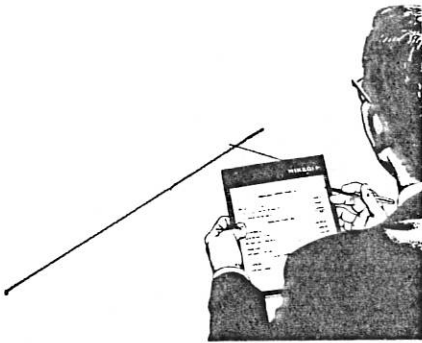

If you haven't seen the remodeling results, stop by. It will be worth your time.

OPEN BOARD MEETING

8:00 PM

JULY 31, 1986

GENERAL MANAGER'S REPORT

Since January of this year, there has been almost a 100% personnel turnover in both administrative and maintenance staff here at Niguel Shores. In January, Marsha Amburgey left, followed by Ruth Rosen and then Sheryl Mayer. In June Controller/Assistant Manager Keith Lavery resigned to take a position with U.C. Irvine. We are currently interviewing for Keith's replacement and hope to have this person on board shortly. The loss of these knowledgeable personnel is regretful. Not only do we regret their leaving, but also the loss of their expertise which is so necessary to a successful management operation of member services.

We have new employees who are talented, promising, hard-working individuals who will, no doubt, quickly rise to the task given the opportunity.

In addition, it's the beginning of summer 1986 and we have new summer activity personnel hired to put on the day camp and aquatic programs that are provided annually. Even the camp counselors and lifeguards are new this year. We have tried to engage talented people to make this summer's activities outstanding. Bruce Harris and Sue Ziehmer are anxious to meet the many interested members and look forward to maximum participation in their programs.

What can help all of these new personnel is Association member understanding and cooperation. Every attempt is being made to maintain or improve our services. We've all been the "new guy" on the job at one time or another. If there is a problem, please ask for me.

In the meantime, step in to the office to meet Kim Tate, my new assistant, Jeri Keister and Marci Reed. You'll see the effort being put forth. I'm sure that they will handle your request promptly and efficiently, according to procedure. Your patience and cooperation will be a big help.

I invite you to review the summer activity section of this month's Seashore News.

Have a pleasant summer.

Richard S. Smiley
General Manager

REVISED NSCA RULES

Attached to this month's Seashore News is a copy of the revised NSCA Rules Series 9301 pertaining to Records Access/Rewards. The revised Series 9301 replaces the previous Series 9301, 9302 and 9303. Please replace your old page with this new revision in your copy of the Rules and Regulations for your reference.

SERVICE PASSES

Service passes will change color effective July 1. The new service passes will be white. The current, pink service passes will remain valid until July 11 to enable all residents employing service personnel to obtain new passes at their convenience.

ADULT SWIM

The swimming pool is reserved for adults only swimming from 7 am to 9 am as the "Early Bird Swim". An additional adult swim period is scheduled for 12:30 pm to 1:30 pm.

Please refer to the yellow pages attached to this month's Seashore News for more detailed information.

COMMUNITY CENTER HOURS

Summer hours are now in effect at the Community Center. The facilities are open from 9 am to 10 pm.

CSD PROPOSAL

On June 4 LAFCD (Local Agency Formation Commission) met to decide on the boundaries of the proposed Laguna Niguel Community Service District. The Supervisors had suggested that all of County Services Area 3 (Ocean to Highway 5) be included plus the communities of Monarch Bay, Emerald Ridge and Dana Woods. These three communities had asked to be excluded from the proposed district as had 30% of the voters in the southern half of CSA 3. This southern group had indicated in a petition (signed by 2180 voters -- 759 from Niguel Shores) that they would prefer to be in a separate South Laguna Niguel Community Services District.

At the June meeting the Commission ignored the exclusion request of the residents in the southern part of CSA 3, but did agree to exclude the three communities which were not part of CSA 3.

The November ballot proposal will, therefore, apparently ask whether or not the whole of CSA 3 shall become a community services district.

SPECIAL TREE PROJECT

The Board of Directors has modified and approved a plan recommended by the Landscape Committee for special treatment of the eucalyptus trees along Atlantic and Ports O' Call. Some of the trees will be cut very low (three to five feet above ground level) in order to encourage multiple branching patterns. As they grow back, they will be trimmed so that they can be attractive, and yet easily maintained at a height compatible with ocean views. It is felt that this drastic treatment will enhance the above as the trees will no longer look like "poles" after trimming. This same treatment was given to several eucalyptus near the tennis courts and they are now attractive trees year-round.

WOMENS CLUB

There will be no luncheon meeting in July because of the Fourth of July weekend.

Regarding the bus trip to the Los Angeles County Art Museum on July 17th, the Museum has been contacted again. It is highly probable that we will receive our tickets. However, they will not be here for several days. You will be contacted as soon as they arrive. If you are able to obtain tickets on your own, there will be extra room on the bus.

The crafts group will meet as usual on the second Thursday, July 10th from 10:00 am to 2:00 pm.

WOMENS GOLF ASSOCIATION

Don't forget our special Golf Clinic meeting at 7:00 pm Wednesday, July 2nd on the field at the Rec Center. Pro Gordon Smith will give tips on improving your swing plus some invaluable hints on how to improve your putting game. Be prompt! Bring your 7-iron and putter. Gordon promises some magic that will make you say goodbye to 3-putting. For further information, call Betty Hitchcock at 661-7068 or Peg Bucci at 496-5134.

NOTE: A recently mailed flyer had the wrong date for the clinic. The CORRECT date is Wednesday, July 2nd at 7:00 pm. Don't miss out on this once-in-a-lifetime chance to improve your game!

Our next fun day will be Wednesday, July 16 at THE LINKS. Call Ceacy Johns at 493-8355 for tee-off times.

MPR RENOVATION

As many of you have observed already, the major work on the MPR is completed, and we have a spacious, sparkingly clean, quiet, neutral-colored facility for the many activities held there. Due to some unforeseen County requirements on fire-proofing, however, we were forced at the last minute to replace the attractive blue-gray wall fabric that the committee had chosen.

We hope now to incorporate that color in accessories and wall decorations to complete the job. Some ladies from the original ad hoc committee will be contacting various community groups to seek support in the form of ideas and pledges to expedite this final phase of the project. The paper recycling program has already made possible the generous financing of the major redecorating. We now hope other groups as well as individuals will want to donate a framed poster or picture, or possibly a plant or other decorative item in their own names.

All thoughtful and suitable suggestions will be considered, but we do have guidelines within which to make selections. Now that we are so close to completion, everyone is eager to add the final accents that will be pleasing to the aesthetic senses of our community residents.

If you are interested in contributing or helping, please call the Center, leave your name and phone number, and a committee member will contact you soon.

WEDNESDAY AFTERNOON BRIDGE

New members are welcome! Play begins promptly at noon, so please plan on arriving earlier. The multi-purpose room is now beautifully carpeted and sound-proofed: a pleasure! For reservations call Juanita Schneider at 493-8546 on or before Monday preceding the Wednesday game.

**FOURTH OF JULY CELEBRATION
AND
*** PARADE *****

Earlier this year the Recreation Committee had hoped that the Fourth of July celebration would culminate with a spectacular fireworks display. Unfortunately, budget problems and the absence of several committee members forced the committee to look ahead to next year for that part of the program. However, we are planning a Fourth of July Celebration. All Niguel Shores residents, family and friends are invited to join in the fun. So plan to come, participate and enjoy any or all of the events that are scheduled.

Our Fourth of July Celebration, 1986 style, will again feature a Children's Parade, a Flag Raising Ceremony at the Community Center and the annual Sand Castle Building Contest. In addition, there will be a Pancake Breakfast served from 9:30 to 11:00 am at the Community Center.

KIDS PARADE

The "Kids Parade" sponsored by the Moms Club will begin at 9:00 am at the intersection of Niguel Shores Drive and Halyard. It will proceed along Halyard to Windward to Atlantic to Niguel Shores Drive and back to the Community Center. Children who would like to participate are asked to gather at the starting area at 8:45 am.

FLAG RAISING CEREMONY

The Flag Raising Ceremony is scheduled at the close of the parade at approximately 9:15 am. Boy Scout Troop 760 is in charge of the ceremony, and troop members will be participating in this event.

BEACH ACTIVITIES

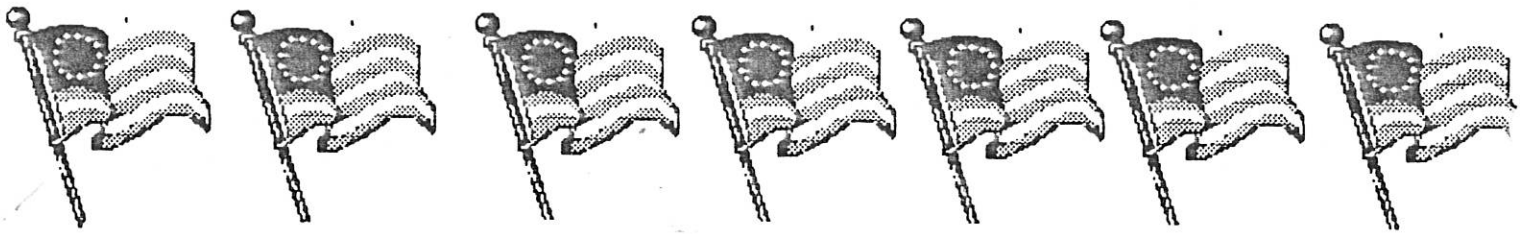

The Sand Castle Building Contest will begin at approximately 12:00 noon on the beach at the bottom of the ramp. Families, groups and individuals interested in participating are asked to check in with Stevie Erkeneff or a member of her committee at a table which will be located at the top of the ramp. There will be categories for children of all ages as well as for family groups. Judging will take place at approximately 2:00 pm and prizes will be awarded immediately following the judging.

PANCAKE BREAKFAST

A Pancake Breakfast is being prepared by members of the Niguel Shores Mens Club. It will include pancakes, orange juice, fruit and coffee. The prices will be \$1.50 for teens and adults and \$.75 for children 12 and under. Tickets may be purchased in advance at the NSCA Office or on the morning of the breakfast. They are also available from Stevie Erkeneff (493-6359) or from Joe Lewis (496-4288).

SUMMER SWIM ACTIVITIES

BRUCE C. HARRIS
SUMMER AQUATIC DIRECTOR

Our summer aquatic director, Mr. Harris, is an instructor of physical education and a swimming coach at Saddleback College. He has been a swimming instructor and guard for 14 years and a coach for the last seven years. In addition to his duties at the college, Mr. Harris is a coach with the Irvine Novaquatics and is working with the Mission Viejo Nadadores as a teacher in their "Get in the Swim" program. We look forward to a fine, well-rounded summer swim program.

SWIM TEAM INTEREST SOUGHT

Again this year interest has been expressed in forming an NSCA Swim Team. If you are interested in participating, contact Bruce Harris at the NSCA Office. We have, again, an excellent coach and good facilities to form such a team. All that is needed is your interest and swimmers.

ADULT SWIM FOR FITNESS

Do you like to swim? Would you like to be involved in an organized program geared for adults using swimming as the basis for fitness? This will NOT be a swimteam work-out, but rather one for health using swimming as the vehicle. If you are interested, please stop and see Bruce Harris at the Recreation Center, or leave your name and number at the office and Mr. Harris will get back to you.

Additional information on summer swim activities can be found in the yellow pages section attached to this month's Seashore News. A brochure is also available in the Administrative Office.

NIGUEL SHORES SUMMER CAMP

Hello! My name is Sue Ziehmer and I am happy to be working at Niguel Shores this summer as Camp Director.

In 1982 I received my Bachelor of Fine Arts Degree and Teacher Certification from Eastern Michigan University. I moved to California in 1983 and am attending the University of California, Irvine, for my Multiple Subject Credential.

Over the past three years I have enjoyed working with children in various beach camp programs in the area. During the regular school year, I am employed at Shorecliffs Jr. High in San Clemente.

Because of my strong interest in arts and crafts, I plan to include a wide variety of art activities in the daily program.

Along with Bruce Harris and his expertise in aquatics, I plan to make the summer of '86 exciting, educational, and of course FUN!!!

Questions concerning the summer program may be answered by calling me at 493-0122.

Additional information regarding the Niguel Shores Summer Camp '86 is available in the yellow pages attached to this issue of the Seashore News.

Summer Swimming Lessons

Niguel Shores Recreation Center

PRIVATE LESSONS: - 5 Months to 3 years

GUPPIES: - ages 3 to 4 years

Children afraid to put their face in the water, and those who do not know how to swim comprise this group. We will teach these youngsters to float on their front and back, how to rest in deep water, to be water safe (the ability to get themselves to the edge of the pool if they fall in) and to demonstrate the basic elements of the back, and crawl strokes.

PRE-BEGINNERS: - ages 4 to 7

For children who are not afraid to put their face in the water. These youngsters may have had some prior swimming instruction. We will teach them to swim in deep water, and will emphasize front and back floating with kick and gliding, entry into deep water, survival floating in deep water, and the crawl stroke.

BEGINNERS: - ages 5 to 7

For children who can satisfactorily swim the crawl stroke (free style), can float on front and back and can swim in deep water. We will teach these children to rhythm breath while swimming with the crawl stroke, introduce the back stroke, diving, and preparation for advanced beginners.

ADVANCED BEGINNERS: - ages 7 and up

This class is for children who have a good free style (crawl stroke) with breathing. In this class we will teach the student to dive, improve breathing, and improve the mechanics of the strokes taught in previous levels. Emphasis will be placed on water safety with some introduction to elementary lifesaving, treading water, bobbing, and survival floating.

INTERMEDIATES: - ages 10 and up

Swimmers must be able to swim a near perfect free style (crawl stroke) with rhythm breathing for 25 yards. In this class the child will improve on their back, side, and will be introduced to the breast and butterfly strokes. An emphasis will be placed on building endurance in the water.

SWIMMERS: - ages 12 and up

The swimmer must be able to perform the free style, back, side, elementary back, and breast strokes in acceptable form. This class will emphasize further improvement in the mechanics of these strokes, the butterfly stroke, and the building of endurance in swimming. The students will be introduced to basic lifesaving procedures as well.

JUNIOR LIFESAVING: - Students must be 16 years of age, and an excellent swimmer in all strokes to pass the course.

Youngsters 14 and up are encouraged to take the course which will introduce them to the skills necessary to become a Junior Lifeguard, and understand the necessary skills involved in lifesaving.
