FROM THE HELM

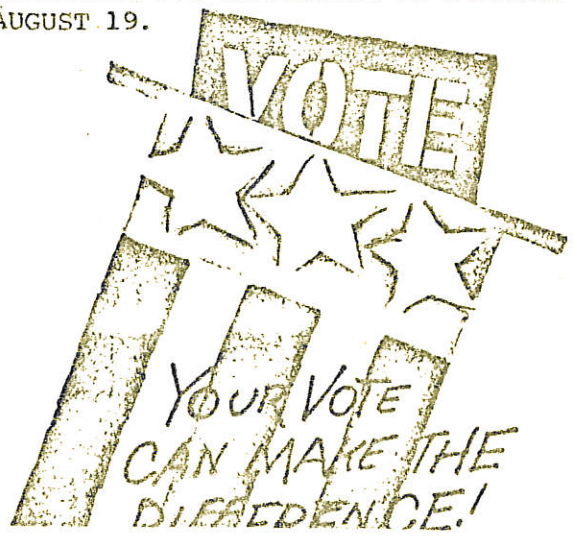

ANNUAL MEETING - BOARD ELECTION - WEDNESDAY, AUGUST 19:

Property owners will be mailed directions. Read the directions carefully - Voting procedure has been changed!

OWNERS - SEND IN YOUR PROXY if you cannot be present. It is important that we have a quorum. DO IT NOW!

- A. Members present at the meeting may vote as usual.
- B. Members not present at the meeting may:
 - 1. Direct the Secretary to act as proxy
 - a. For the purpose of establishing a quorum.
 - b. In voting for the member's choices for the Board of Directors.
 - 2. Direct another person, who must attend the meeting, to act as proxy
 - a. For the purpose of establishing a quorum.
 - b. In voting for the member's choices for the Board of Directors.
 - c. In any other such matters as may legally come before the meeting. (A Board resolution prohibits the Secretary from voting on such matters.)

THE DEADLINE FOR SUBMISSION OF PROXIES BY MAIL IS THE REGULAR MAIL DELIVERY OF AUGUST 19.

The President's message continues on page 2!

AUG 81

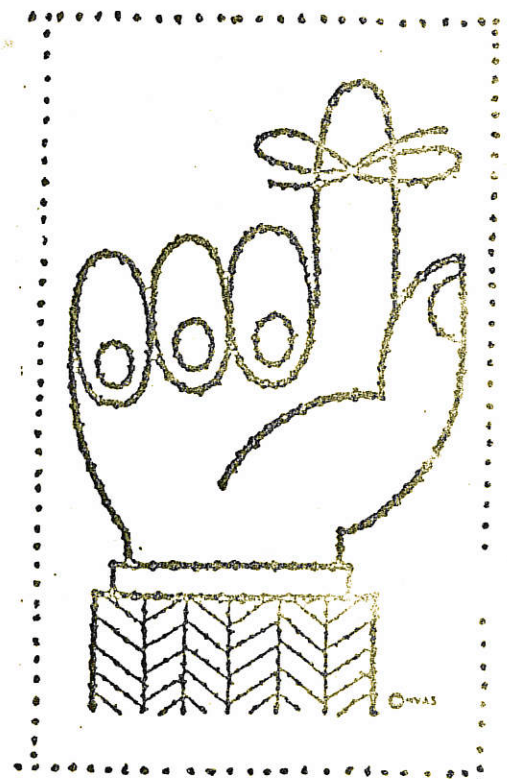

FROM THE HELM (CONTINUED)

The Board:

- Has voted to replace the unsatisfactory Shores Gate barricade with a different mechanism at no additional cost to the Association. Vote unanimous.
- Is looking into the replacement of the deteriorating Selva fence.
- Has received a report which indicates that there has been no movement of the Nauticus Slope during the past five months and is, therefore, planning repairs to the street and sidewalk.
- Authorized purchase of a postage meter at a cost of \$850. Vote unanimous.
- Is closer to taking action on the water seepage problem in the Windlass Drive area.
- Heard a report from legal counsel that the Sea Terrace II legal action against the Niguel Shores Community Association is continuing.
- Directed legal counsel to take appropriate action against certain homeowners who have refused or have failed to trim trees in accordance with the CC&R's and the Association regulations. The vote was 4 to 1, with Don Lutz casting the negative vote.
- Set Friday, August 21, 1981, at 8 p.m., as the alternative date and time for the Annual election. Vote unanimous.
- Appointed Ralph Bartolome as Election Judge for the Annual Election. Vote unanimous.
- Appointed Don Lutz as the Nominating Committee chairman for next year. Vote unanimous.
- Directed the Manager to utilize the Small Claims Court to collect money owed the Association. Vote unanimous.

Harry L. Whitney
President

REMEMBER!!! ANNUAL MEETING--WEDNESDAY, AUGUST 19.

MANAGEMENT MEMO

MANAGER'S REPORT

Dear Residents:

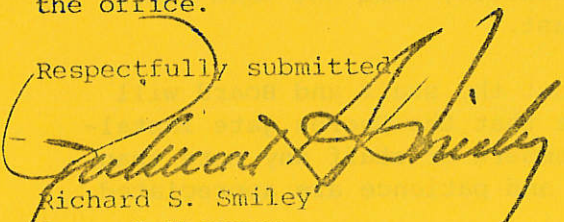

The South Coast Water District Reclaimed Water Project is being reviewed by J. M. Montgomery, our Engineering Firm. They are doing a preliminary feasibility study as to potential use of such reclaimed water for landscaping purposes here in Niguel Shores.

The Water District office is also collecting information to be compiled into a position paper on the Shores and the communities connected with the impending water shortage in the Southern California area and the use of reclaimed water in its stead for landscaping purposes. The objective by the Board is to obtain as much factual and detailed information as is possible so that a presentation can be made at a later date to the general membership, informing them of the facts. The Board wishes to be sure that all members are fully aware of the potential water shortage and the viable alternatives. While the water shortage may be three to five years off, it may take that long to analyze the alternatives and to implement the programs decided upon to combat the problem.

Slopes/Water Seepage Conditions - As most of you know, most of the slope problems encountered last year have been repaired. In the case of the Nauticus slope, the work done there seems to have corrected the problem according to recent reports from Converse Ward Davis Dixon, our Geotechnical Consultants. The Board and the Staff continue, however, to research and consider the other community problems such as, water behind many curbs and some gutters that do not drain properly. Members who have these problems near or adjacent to their residences should be assured that efforts continue to rectify those problems, both for health, aesthetics and just good maintenance reasons.

Tree View Blockage - A sub-committee made up of members of the Architectural Committee continue to handle the tree view blockage complaints. These volunteers expend considerable time and effort in working with other members of the community in trying to provide reasonable views to its members who have view property. For the most part, members are cooperative. Needless to say, there are always a few who ignore such attempts and/or refuse to comply. The sub-committee is recommending certain names to the Board of Directors of those who fail to comply and is recommending that the Board take these matters to our legal counsel for enforcement. It seems a shame that this becomes necessary. If you've been contacted and have failed to comply with the committee's request, let me urge you to immediately commence the corrective work. When you have complied with the committee's request, please notify the office.

Respectfully submitted,

Richard S. Smiley
General Manager

FOR YOUR INFORMATION

SHORES GATES!

A WORD ABOUT "THE SHORES/AUTOMATIC GATES" From the Manager:

Considerable time and expense have been put into the modification of the Shores entrances. The new "barricade" type equipment has failed to meet the expectations of the security and gate committees, the Board of Directors and the staff. The maintenance of the Niguel Shores Community gates is done by a local firm whose owner is Bill Stevenson. Many of you know Bill and know that he provides considerably more attention to our gates than most any other outside contractors might. For instance, he makes a practice of checking our gates when he or one of his personnel is in route to and from other locations.

The equipment installed at the "Shores Entrance" was manufactured by Delta Scientific Corporation of Burbank, California. In mid-July, after having discussed the on-going problems and outages with the Board of Directors, I contacted Delta Scientific Corporation expressing the frustration and concerns of the membership and the staff.

I am pleased to say that Delta Scientific Corporation responded with an above average business attitude in this matter. The bottom line to the discussion is that Delta agreed to either (1) continue to honor the arranged contract and extend the warranty or, (2) at no expense to the Association, remove the existing equipment and replace it with other equipment which has proven to be operationally satisfactory over long periods of time, or, if none of the above was agreeable, (3) Delta was agreeable to removing all of the equipment and refund all of the monies received under the contract.

The Board of Directors, after careful consideration of the alternatives, elected to replace the existing "barricade" equipment with two Delta Model MTC 31 Motorized Traffic Controllers. Delta is also providing the full maintenance of the new equipment for six (6) months after installation. It is anticipated that the change in equipment will take only a couple of days once it is commenced. The changeover, however, will not take place until some time in the first ten days of August.

In the meantime, members should be assured that the staff and Board will continue to make every effort possible to see that the Shores gate installation is one which does not inconvenience members or staff any more than is absolutely necessary. Your understanding and patience are appreciated.

NEWSPAPER

RECYCLING PROGRAM

The new system of recycling paper by bringing it to the Community Center recycling paper shed is working out very well. The first 40 days from May 28 brought in 38 tons, almost an average of a ton per day. This, of course, included a backlog of paper held in garages by our residents since the last house-to-house pickup of March 23. All in all, most of our supporters seem to prefer this new system of delivery at a single accumulation point, to the old system of "wait for the pickup and hope it doesn't rain after the papers were placed at the curb".

For the benefit of new residents and those not previously participating, the shed is open every day from 9 a.m. until the Community Center closes at night. Residents may deliver their accumulation of paper, consisting of newspaper, magazines, brochures, telephone books and junk mail any time during those hours. The recycler cannot accept carton material cut up, but will accept single cartons containing your paper. All paper must be contained in some way, either in the cartons, or in large grocery bags, or tied with cord. NO LOOSE PAPER PLEASE.

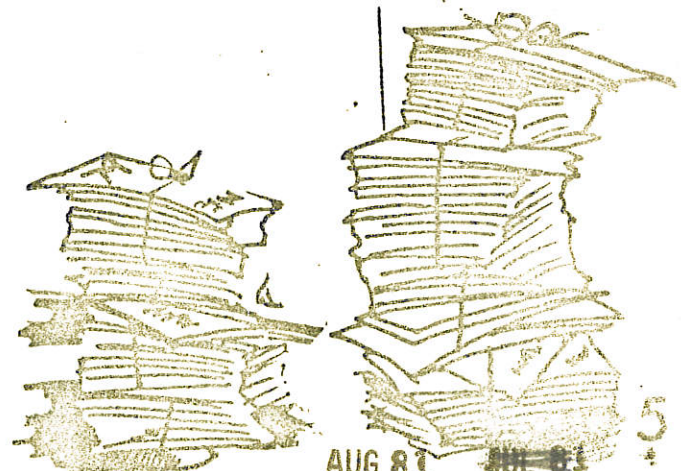

The aluminum program is continuing as before, except that we are arranging to deliver the cans to the recycler when our container is filled. Please flatten your beverage cans to help save space and enable us to collect a greater weight before delivery to the recycler.

Our most recent expenditure from the Community Recycling Funds was \$99.40 for two arm chairs which have been placed in the Community Center meeting room for the use of handicapped persons.

The sponsors of this recycling program are most appreciative of the support by our community, and again thank our residents for their enthusiastic participation. We are helping to preserve our natural resources, and at the same time are providing funds for many needed "extras" which can be enjoyed by all.

STASH THEM - DON'T TRASH THEM!!!

Sea Terrace II

Several residents have complained, and the Board of Directors has expressed its concern, about parking problems on Manta Court, Facroe Bay and Gourami Bay. Some residents are parking overnight on the streets and in the guest parking across. Others are using their garages for storage and regularly parking their cars in the driveway.

Homeowners and residents are requested, in accordance with the CC&Rs, to use their garages for parking, to leave the guest parking areas for guests and to avoid parking on the streets and sidewalks.

NIGUEL SHORES WOMEN'S CLUB

The program for Thursday, August 6, will present the internationally known harp virtuoso, SUSANN McDONALD, and members of her California Summer Harp workshop. Susann is the daughter of our own Catherine and George McDonald of Leeward Drive. Susann has done as much as anyone living today to interest music lovers in the harp as a solo instrument. She heads the Harp Department at both the Juilliard School of Music in New York and Indiana University. Her workshop will be attended by harpists from around the world and will take place on the campus of the University of California at Irvine from July 19 to August 15, 1981.

We are most fortunate to have Miss McDonald attend our Noon Luncheon Meeting and bring some of her students with their harps to give this special program for the Women's Club. Please plan to be there promptly at 12 o'clock.

The Craft Class will meet as usual on Thursday, August 13, at the Recreation Center from 10 a.m. to 2 p.m.

The Third Thursday Outing on August 20 will be a visit to Colby's Antique Store in San Clemente followed by lunch at Takao Japanese REstaurant. Further information will be forthcoming at the luncheon meeting or call Gwen Hobaugh (493-0484).

Margaret Rippin, President
(493-2589)

NIGUEL SHORES MEN'S CLUB

Our August breakfast meetings will be as follows:

- August 4 Speaker - Mr. Cummings, Director of Orange County Marine Institute at Dana Harbor
- August 18 Through courtesy of Tom Lowe, we will be guests of Monarch Bank, with breakfast served there.

Golf dates for August, with departures from the REcreation Center, as follows:

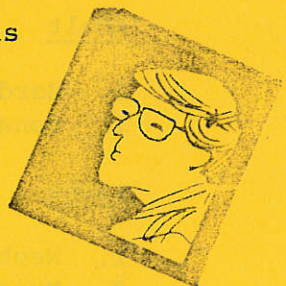

- August 11 Fallbrook G.C. Depart 9:00 a.m.
- August 25 Mile Square G.C. Depart 9:30 a.m.

For further information, call Dick Harman, at 493-2340.

Our July 7 breakfast with our wives and members of the Women's Club was well attended with 123 breakfasts served. Many of our members and their wives helped with preparations, such as table decorations, food preparation and clean-up. A special "thanks" is due John and Grace Densmore for cooking the main course, and to Ed and Charlene Bieschke for buying all the food and decorations at good bargain prices.

Lou Peck, President
661-0991

"Read all about it"

MOM'S CLUB

The Fourth of July activities were a success. The parade, as usual, was fun and fast.

The Women's Club - thanks to Margaret Rippin and her committee - did a wonderful job of serving the Continental Breakfast.

The beach activities were fun - thanks to many people. Marilyn Gingrich and Carol Sue Mullen helped with the relay races.

A special thanks goes to the people who helped with the sandcastle contest. The participants were marvelously talented which made our excellent judges' job very difficult.

Patty Mullen and Katherine Tonkinson helped with registration. Colleen and Lorraine Hanna, Brian Eriksen and Charlie Tonkinson also helped.

Thanks to the Judges Tom Belloni and Joe Widmark. They did an excellent job.

The Prizes for the Sandcastles

were awarded to the following people:

Over-All

1. Powell (castle)
2. Burroughs (crab)

Adult

1. Hardy (surfer)
2. Bonar (pyramids)

Teens

1. Neubauer (R2-D2)
2. Eriksen (truck)

Pre-teen

1. Hamnquist (Rolls Royce)
2. Hanna, Mullen, Perchal (clown)

Child-Participants

- Rotola
- Eriksen
- Bolton
- Tatum

Family

1. Taylor (father at beach)
2. Gingrich (football field)

Creative

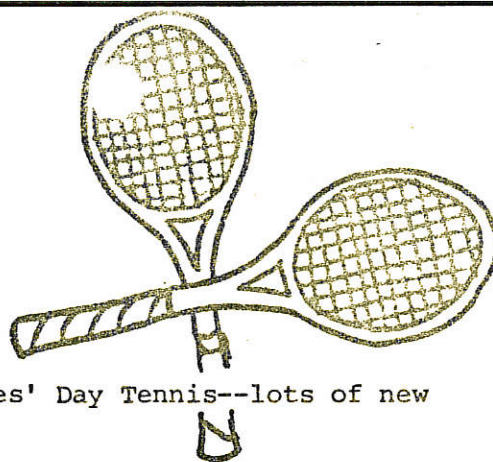

1. Lee, Millard (race car)
2. Maxey, McCreary, Creal (Indian Head)

The next Mom's Club meeting will be in September. Watch the SeaShore News for the date and place.

Tennis

LADIES' DAY TENNIS

by Tina Meyer

What great turnouts we've been having at Ladies' Day Tennis--lots of new faces--good tennis--good company!!!

Keep all day August 13 clear on your calendar as we're planning our summer beach picnic for that day, after our regular tennis session. We would especially like the new gals to show for this affair and a special invitation is extended to them to join us. Great way to get acquainted and settle all the world problems that exist off the tennis courts. Details will be forthcoming.

REMINDERS: Sign in time 9 a.m. If you're later than 9:10 and we already have 16 or more players you're too late. Sorry about that but that's the way the rules read.

Residents only for LDT. Make your own playing arrangements for any guests.

LDT was well represented at the NSCA tennis tournament held on July 12, with six ladies from our group turning in respectable performances and Doris Adams doing us proud by making it to the semi-finals. We really should support these affairs more as it was great fun and must have been a lot of hard work to put on such a smoothly running affair. After watching all the matches, which I thoroughly enjoyed, I went running for the rule book to look up "foot-faulting" as it was rampant!!!! Here's what the USLTA has to say on that subject:

Rule 25. Recent USLTA rule interpretations have indicated that the receiver or his partner is authorized to call foot-faults on the server. This call should be made only when the caller is absolutely certain. While in doubles the partner of the receiver may be in a fair position to call a normal footfault, in singles or in doubles the receiver himself would be able to make this call in flagrant cases.

Rule 25.1 When you feel that your opponent, a net-rusher, is foot-faulting but his violations are not sufficiently flagrant for you to be sure and to call, the situation can be irritating. Compliance with the footfault rule is very much a function of a player's personal honor system. The plea that he only touches the line and doesn't rush the net is not acceptable. If he doesn't footfault when there is an umpire but does when there is no umpire, the time has come for him to examine his own sense of fair play to see if he is the type of person who will cheat provided he thinks he can go undetected or unpunished, and, if he is, to try to make a change. Footfaulting is just as surely cheating as is making a deliberate bad line call.

SEE YOUR THURSDAY!

"IS IT IN?"

Getting the Message Across

SWIMMING POOL RULES

HEY, ALL YOU LONGHAIRS!!

Pool Rule #12 provides that hair which touches the shoulders when wet must either be tied back or contained in a bathing cap while the individual is in the pool or pool area. Many swimmers are ignoring this rule, with the result that the pool drain and filtering system are clogged and need costly cleaning and repair.

Swimmers who violate Rule #12 will be instructed to leave the pool area until their hair is contained as required. Please bring a rubber band or bathing cap if hair is at the maximum length or longer. Rubber bands will not be provided at the Association office.

GOLF!

Congratulations to golfer Kris Pape who recently won 1st Place Gross at Mission Viejo, Mesa Verde, and Irvine Coast Country Club Invitationals. She also became champion of El Niguel Women's Golf Association for the sixth straight title. Keep up the good work.

Jamboree Bound

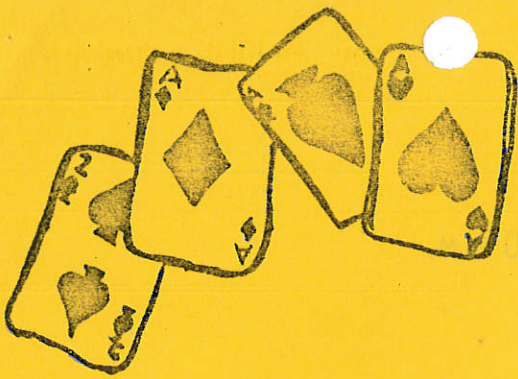

Four Niguel Shores Boy Scouts are attending the 1981 National Jamboree. The boys, Donnie and Mark Duffer, Ricky Erkeniff, & James Coil, have joined the Orange County Council touring our nation's capital and attending the National Jamboree held at Fort Hill, Virginia.

The Jamboree is held every four years and is represented by Scouts from the U.S. & foreign countries. The boys are from Dick Erkeniff's Troop 760.

TENNIS

Thirty-six tennis buffs participated in the local tournament on Sunday, July 12. The round robin, mixed doubles day was hosted by Miriam Bas, her son Mike, and Ed and Doris Adams. Laguna Niguel T-Shirts were personalized for each player. The champs of the day were Jeanne Webb and Dick Poirre who, in the finals, downed Nancy Cook and Bengt Robbert. A wine and cheese party completed the day's fun.

SHORES BRIDGE GROUP

WEDNESDAY AFTERNOON PROGRESSIVE BRIDGE

The following were winners:

	<u>First Place</u>	<u>Runners Up</u>
June 17	Eleanor Barrett	Kay Marmino
June 24	Margaret Castello	Doris Kelman
July 1	Betty Pease	Maryon Walcott
July 8	Evelyn Kitzman	Virginia Brooks
July 15	Evelyn Lingenberg	Hap McMullen

If you are interested in joining us, please call Jerry Hope at 496-3901 on Mondays for reservations. We play on Wednesday at the Community Center at 12:30 p.m. Plan to be there at 12:15 so we can start promptly. Everyone welcome.

SHORES COUPLES BRIDGE

We had another large turn-out for our regular session on July 17, with 32 relaxed players enjoying the warm summer evening. Nothing new in the winners' circle - Ja Goodman and Betty Pease were tops again! Howard and Fran Magwood were also "in the money", a change of luck for them, they claimed, after an unlucky day at Hollywood Park. The other 28 guests were almost in a tie for third, the scores being within a 400 point range, so you know there were a lot of close matches.

The first Friday session was canceled because of the 4th of July holiday, but we are making it up on July 31. So if this newsletter comes a day or so early, remember to join us that night - a fifth Friday this month. We'll return to our regular schedule in August, which will be again on the first and third Fridays - August 7 and 21. Hosts for July 31 will be Bob and Mil Short. For August 7, the Zeigners and Thompson,s and for August 21, Ed and Ruth Gardner. We were happy to see Dorothy and Lowell Eubanks again and also to welcome Phyllis Bailey as a regular member. But this is in no way a closed group. It's open to all whenever you can come, and we enjoy having new people frequently or even once in awhile.

TENNIS ANYONE?

TENNIS TOURNAMENT

SUNDAY, AUGUST 23, 8 A.M. - 4:30 P.M.

Session III August 10-28

August 14 Friday, Trip to Library
August 21 Friday, Trip to Beach
August 28 Friday, Carnival

A REMINDER.....

A WORD TO THE WISE IS SUFFICIENT

Niguel Shores Tow-Away Policy - Recently, many tow-away warning notices have been issued to those members and guests who park on sidewalks, in red zones, or in other unauthorized locations. The tow-away policy of the Association is being finalized and within the next few days should be approved by both the Security Committee and the Board of Directors. Members and guests should be forewarned that upon such approval "tow-aways" of sighted vehicles will, no doubt, begin to occur.

DO YOU HAVE THE MID-WEEK BLAHS?

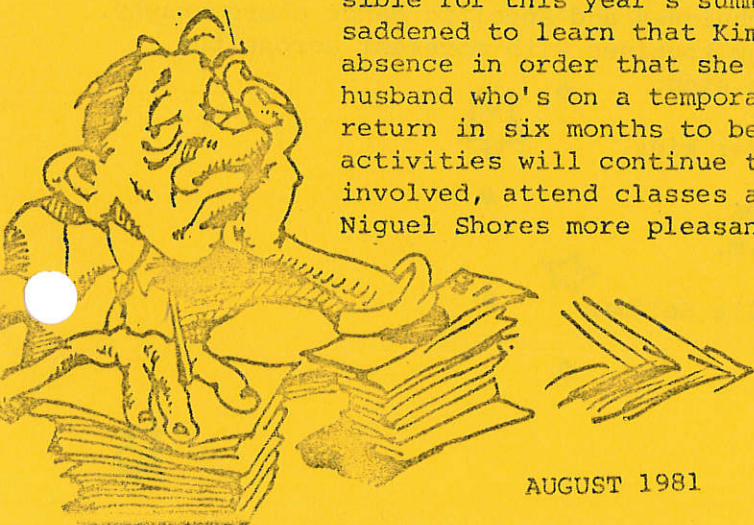

Meet with other families for No-Host Bar-B-Ques on Wednesday nights in August at the Recreation Center. Come at 6, stay till dark. Bring the kiddies and your own food and drink. LET'S GET TOGETHER!

Any questions, call Ingrid Andrews: 493-9710.

MANAGER'S NOTE: "RECREATION"

Many of the youngsters and their families have enjoyed the summer camps being put on here at your recreation center under the direction of Kim Gabrielson, our recreation director. Kim's enthusiasm and imagination coupled with the attitudes of our excellent young life-guards and camp-aides have been responsible for this year's summer program success. I am sure that you will be saddened to learn that Kim Gabrielson has requested a six-month leave of absence in order that she might leave the state for six months to be with her husband who's on a temporary assignment. We are hoping to arrange for Kim to return in six months to begin planning for 1982's programs. In the meantime, activities will continue to be scheduled and members are encouraged to get involved, attend classes and activities which are designed to make living at Niguel Shores more pleasant.

RINGLING AND BARNUM BROS. & BAILEY CIRCUS

EVERYONE ENJOYS A DAY AT THE CIRCUS. THE GREATEST SHOW ON EARTH IS COMING TO THE ANAHEIM CONVENTION CENTER WITH CLOWNS, LIONS, ELEPHANTS, AND ALL THE JOYS OF THE BIG TOP.

HOTSHOT

Pepsi Cola/NBA Hotshot, a national recreation program for community youth organizations, now enters its sixth year. It is the largest program of its kind, involving more than 1,300 youth athletic groups and close to 2.5 million youngsters. It is open to boys and girls, ages 9-18. There are six categories of competition; three for boys and three for girls.

Hotshot is a form of athletic competition based on a one-minute display of basketball skills. Winners from local youth organizations participate in area playoff in 23 NBA cities. Area winners then go on to represent NBA teams in national competition.

Despite its competitive aspects, Hotshot is a game that every youngster can play and enjoy, no matter what his or her level of skill. Awards are given to all participants and at all levels of competition.

You have one minute to dribble from half court into the shooting range. Shoot from the hotspots in any sequence you prefer or shoot lay-ups. You will only receive scores for two lay-ups. All other shots must be made from any or all five hotspots marker on the court. If you choose to shoot from all five hotspots, you will get bonus points. One point is subtracted for each infraction, walking, palming, or double-dribbling.

Age groups are as follows:

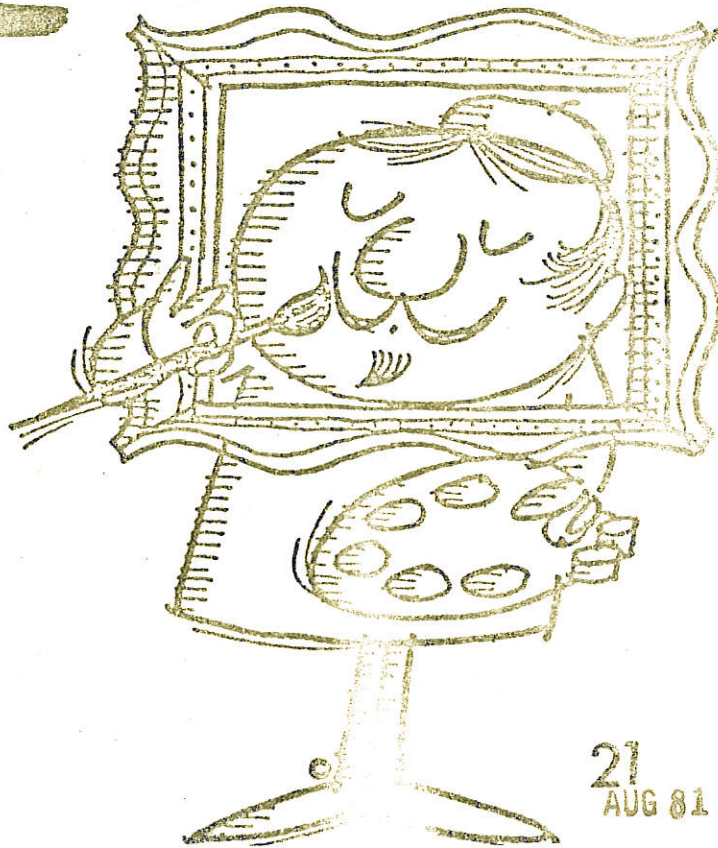

<u>Boys</u>	<u>Girls</u>	<u>Born</u>
9-12	9-12	6/1/69 5/1/71
13-15	13-15	6/1/66 5/31/69
16-18	16-18	6/1/68 5/31/66

You may pick up a registration form in the Community Center office.

DATE: Tuesday, August 11 TIME: 1:00 p.m. FEE: Free

WATERCOLOR CLASSES TO RESUME IN THE FALL

The last watercolor session for the summer closed with an all day picnic paint out at the Marine on Tuesday, July 21. Those enjoying the painting out-of-doors, and the gourmet picnic included Kay Witmack, Dorothy Eubanks, Gwen Hobaugh, Jane Chapman, Toby Cooper, Marian and Alys Masek, Gaby Lohse, Georgia Brunner, Darlene Wright, Bob Klitten, Dotty Lachel and Doris Adams. Classes will resume again in the fall.
