Published monthly by the Niguel Shores Community Association

OCTOBER 1991

I have been asked by the Communication Committee and many others to write an occasional article for the Seashore News.

Kudos...A Tip of the Hat

Since this is my first, I would like to take this opportunity on behalf of the Board to thank all our dedicated volunteers who devote much of their time serving on NSCA committees and in other organizations. Their dedication makes this community successful, and they deserve all our thanks and support. Not to be forgotten is a dedicated Management Staff which makes it easier for the Board to function.

Considering other items of interest, so often we suggest that young people are not caring, and include all of them in this category. Most kids are really great...it is only the few who make it uncomfortable for the many. Recently, a young Niguel Shores man was found to be doing something which did not conform to community rules. His response! He offered five hours of his time for community service to our organization. Our thanks to him for his contribution.

"JAWS" ALERT

Well...maybe just teeth, but they're made of iron, so beware! Watch for the green light.

As a result of Board action taken at the open meeting September 18, the teeth at all entry/exit gates throughout Niguel Shores will be in operation once again effective Friday, October 4.

We would like all residents to be aware that gate damages included several incidents of vandalism. The consensus was that reactivation of the teeth, plus operating gate arms, would at least reinforce our limited access image to the degree possible.

Past President Lloyd Somerfield, at the last Annual Meeting, reported from independent sources and our legal counsel that our community is considered by our counterparts to be a "model" for others to follow. We should be pleased with this assessment of our organization by others.

After almost two years, the Ad Hoc Refurbishment Committee was unable to come up with a proposal in a form which could be presented to the community for a vote; therefore, the Board has chosen to dissolve the committee. We sincerely appreciate the efforts of all committee members who worked so hard. If there is a desire by some to continue this program, the Board will consider reestablishing this Ad Hoc committee in the future.

SECURITY - NO

Confusion regarding security continues from time to time. For clarification, I refer you to the CC&Rs as amended, Article X, Section F. The Association does not provide security. Our primary responsibility is the control of vehicular access and the protection of common area facilities. Yes, we do have a patrol which is consistently, in defined hours, cruising our community to enforce Association vehicular and other regulations. It does, by its very presence and visibility as a by-product, offer a possible deterrent to unwanted intrusions. However, its purpose is not that of security. Certainly, if the patrol notices something unusual, it will be noted and, in the case of private homes, reported to the owners as a courtesy. The patrol has also cooperated with local law enforcement authorities by providing information relating to their observations when we have been able to make a contribution to that end.

NEIGHBOR RELATIONS

We have had an ongoing communication with our neighbor, Ritz-Carlton, most recently concerning their obligation to maintain the slope areas adjacent to Cabrillo and Seaward Isles. We are pleased to report that they now are maintaining these areas in a judicious manner, and together we have established a procedure to monitor this on an ongoing cooperative basis. We certainly thank them for their efforts.

THE MONTHS AHEAD

There are many other issues facing the Association such as assessments for 1992, amending rules and the CC&Rs, and our entry problems, but space limits my addressing these at this time. They could be subjects for future letters. Please read the Seashore News and other communications to keep informed.

In closing, I would like to remind all owners that the Board is dedicated to serving the entire community in an atmosphere of openness, considering our obligations as defined in the CC&Rs as well as the civil codes governing Association Law. As the end of the year approaches, with all its activities, the Board and I hope that you will continue to enjoy our beautiful community and its facilities.

Dick Luedeke, President
NSCA Board of Directors

OPEN BOARD MEETING
WEDNESDAY, OCTOBER 16, 1991
8:00 P.M.

The agenda for this meeting will be available in the office on the Monday afternoon prior to the open meeting.

SEPTEMBER BOARD ACTIONS

1. Per discussion with Association attorney, the Board will not become involved with contacting alarm companies for presentation to homeowners. There could be an implied liability to the Association.

2. Reiterated that residents entering through Mariner Gate, without proper vehicle decal, must show pictorial I.D. every time they enter.

3. Chose Option #1 (painting) for maintenance to the overhead structures. Accepted contractor bid and work will commence January 1992.

4. Funded homeowner entry walk replacement because coral tree roots raised walk approximately six (6) inches.

5. Per recommendation of committee chairpersons, appointed Sharon Stewart to Community Relations and George Williams to Landscape.

6. Raised directors' and officers' liability insurance to total coverage of \$5 million. Chose not to purchase earthquake insurance for common area.

7. Directed management to have maintenance staff reattach gate spikes for operation as of October 4 (see article).

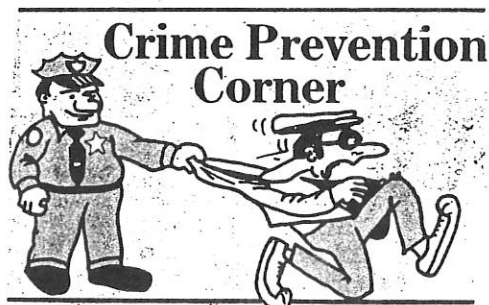

8. Dissolved Refurbishment Committee and directed that a homeowner interest survey be issued in the Seashore News.

9. Authorized management to purchase replacement concrete backrest for bench (beach) at cost of \$225.

10. Contracted with Converse Consultants for association-wide survey of slopes. This report will update last one dated November 3, 1989.

11. Approved expenditure from contingency funds for installation of two (2) small drains, cost \$865. These are needed to alleviate potential liability problems.

12. Accepted Landscape Committee recommendation to authorize removal of the three (3) coral trees on the north side of the community center office and replace with two 24" box trees of a different species.

KEEP DOORS CLOSED AND LOCKED

Resident Barbara Kiger has reported the theft of a bicycle from their garage while they were at home. This is not unusual. Several people have reported such thefts over the years, often during daylight hours and while they were just in another room in the house.

A garage-door-opener kept in a car that is parked in the drive or on the street is a great target for a thief.

Neighborhood Watch is looking for new volunteers to work on the committee. Please leave your name at the office in writing if you are interested in helping to prevent incidents such as those mentioned above.

ANIMAL CONTROL SERVICES

It is important for all residents of Niguel Shores as well as those who live or work in Dana Point to read, and hopefully, complete and return the survey that appears elsewhere in this issue. This same survey is being circulated through other homeowners' associations, at veterinary clinics, libraries and at other locations in the city. The results of the survey are scheduled to be presented to the City Council by November.

The plight of lost, strayed, injured or abandoned dogs and cats in this area has become increasingly tragic, as has the situation concerning wildlife seeking food and water no longer available in their former habitat because of burgeoning developments. Anyone who has waited long hours for County assistance in caring for an abandoned or injured animal, or who knows how many of these finally arrive D.O.A. because of the long distances travelled after eventual pick-up, can understand the vital necessity of improved services and more localized shelter.

Our committee, having visited the various shelters and animal control agencies in this County, is preparing a feasibility study evaluating these services and exploring cost-effective alternatives to the County contract. You can help by completing the survey and mailing it to the address appearing at the bottom of the survey. In order to meet the committee's deadline for its presentation to the City, the survey must be returned as soon as possible.

Peggy Phillips Bucci, Member
Animal Control Services Advisory
Committee

STREET SLURRY REPAIRS: MID-OCTOBER

Most of you are aware of the problems with the road slurry. As has been stated before, these problems are expected and normal. Now that the summer is over, our agreement with the contractor states that they will be back in October to make repairs.

The contractor, with association staff, will make a review of the community for problem areas. The only areas that will be repaired are those where the coating completely lifted off.

We expect that the repairs will be started in mid-October. Please be aware of traffic cones marking the repaired areas.

Your help and cooperation are greatly appreciated.

STREET SWEEPING SCHEDULE

The scheduled dates for street sweeping in October are Thursday and Friday, the 10th and 11th, and Thursday, the 24th. These dates are also noted on the attached calendar. If at all possible, you are requested to have your vehicles off the street on these dates to allow the street sweeper to do a thorough job.

MEDIANS GET NEW TURF

The new green turf in the center medians of Periwinkle and Leeward Drives is a gift from our landscape contractor, Dick Wendt. It replaces the ivy geranium not happy with those areas. When our budget allows, we will add some color areas to complete the new look.

Monarch Beach 92629

Unfortunately, the recent notice from the Post Office mailed to all residents in Niguel Shores erred in referring to us as living in an area "previously called Monarch Beach." We still live in an area called Monarch Beach!

Just as Hollywood is in the city of Los Angeles and Corona Del Mar in Newport Beach - we are Monarch Beach, city of Dana Point. The new zip code took effect September 23rd. When stating our address the use of Monarch Beach or Dana Point or both names may be used. Since Monarch Beach is not yet printed on any map, consideration of using Dana Point in the address may be desirable. The new zip code, incidentally, reads the same backwards making it easy to remember.

If you wish to know your four digit number following the zip code, check with the Post Office. Warning, the four digit numbers vary within the community.

VANDALISM COSTS EVERYONE!

The Board of Directors has requested that homeowners be kept informed as to how much is being spent for vandalism repairs. During the period June 3 through September 13, the Association spent approximately \$1068.00 for replacement of various items destroyed by vandals. The majority of this money was spent on gate arm repair/replacement (\$525) and replacement of concrete bench back (\$225).

Help the Association stop vandalism!

NEIGHBOR SAVES SHORES MAN FROM FLAMES

DANA POINT - A quick-thinking neighbor saved a Niguel Shores man by awakening him just before a smoky electrical fire engulfed his home, county fire officials said.

Joseph D. Middlebrook, 55, was not injured in the September 16th blaze that gutted his unit on Brisbane Bay, county Fire Department spokeswoman Maria Sabol said.

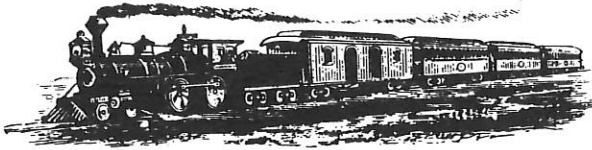

Sabol said that the fire broke out in the kitchen of Middlebrook's home at 10 pm, apparently as a result of a faulty lamp.

Middlebrook was asleep in his bedroom as flames began to race through the dwelling, Sabol said. There were no smoke detectors, she said.

A neighbor, Udo Stoeckmann, noticed smoke pouring from Middlebrook's home and, after calling 911, ran to the home and began yelling. Middlebrook woke up and escaped through a sliding glass door in his bedroom.

"The guy would be dead if it wasn't for his neighbor," Sabol said. "When you don't have a smoke detector and you don't hear anything, people die from smoke inhalation."

Firefighters took about 15 minutes to extinguish the blaze. The loss was estimated at \$141,000.

MENS CLUB

First place at the Oceanside Low Net Golf Tournament on September 10 went to Bernie Baskin, 2nd was Don Beaver, and 3rd was Mickey McLaughlin. Closest to the pin was our ever-cheerful Golf Chairman Jack Horne.

WOMENS CLUB NOTES

The round trip fare is \$21. If you plan to go, bring your check to the October luncheon or have it in the office by October 11. Your check is your reservation and is non-refundable.

The guest speaker at our November 7 meeting will be an artist who does decorative painting on ceramic tiles. She will show examples of her work and talk about the use of tiles in home decor.

There will be no TTO in November.

NIGUEL SHORE PAPER DRIVE

CASHE THEM, DON'T TRASH THEM!
BRING THEM TO THE RECREATION CENTER
PAPER BUILDING ANY DAY OF THE WEEK.

Members put on their chefs' aprons to cook and serve scores of steak dinners will all the trimmings at the annual Niguel Shores Country Fair and BBQ last month. Chairman Ed Adams had our volunteers well organized as usual, and everyone had good food and good fun - again.

In October we will get inside information on orthopedics and orthopedic surgery from Dr. James Mullen, who joins us on the 1st. Dr. Mullen is a Niguel Shores resident. We appreciate his willingness to take time from his busy practice to speak to our Club.

On October 15 our guest speaker will be an old friend and neighbor, Tom Crump, from Cape Cove. Tom is now President of the Monarch Beach Civic Association. He will bring us up to date on the work this busy organization is doing to help improve conditions in all of Monarch Beach. The Niguel Shores Community Association is a member, of course, as are all other community associations in our area, including the new one in Ritz Cove.

WOMENS GOLF

This article will be short - just like Peg Bucci's drives. Highlight of the month is our forthcoming three-day get-away to the fairways of Rancho Bernardo. Sixteen lucky ladies are at this very moment cleaning their clubs and muddying their jokes. What will transpire is expected to be a cross between Lenny Bruce and Arnold Palmer. This reporter is much too timid even to speculate.

Fun-Day this month will be held Monday, October 14, at Aliso Creek (be there at 8:30 am) -- followed by brown-bag luncheon and meeting at the home of Liz Kelsch (661-5802). Rose Marie Lawson, assisted by J.A. Goodman, will be in charge of Fun-Days for the next three months. Call Rose Marie (493-2451) at least one week in advance if you wish to be included October 14.

Regular Monday and Friday captains continue to be J.A. (496-7664) and Marge Dea (661-6816). Call them a week in advance for inclusion.

FUN-DAY AWARDS - SEPTEMBER

Scrambles First Team -- Lucy Van Elzaker, Betty Mullen, J.A., Fern Brooks

Longest Drive -- Ceacy
