## FROM THE HELM

This month's message From the Helm has one straightforward and simple request: **Will anyone and everyone who has not yet filled out your EMERGENCY PREPAREDNESS REGISTRATION FORM please do so!** It is a simple form (not like the first one) which requires only your name, address, who lives at your address, if you have any special needs and the name of an outside contact person.

The idea that there might be an emergency of such magnitude that disaster preparedness would come into play is not something that any of us like to think about; but the newspapers of the last month have been filled with happenings that were unexpected or if expected had poorly prepared plans. Fortunately here in Southern California there is little chance of hurricanes. Hurricane Floyd moving up the east coast in September prompted the authorities to request massive evacuations of people - evacuations which resulted in unbelievable traffic delays of as much as ten hours on a two-hour trip to safety.

Earthquakes, on the other hand, are quite common here. They occur without warning but they can be expected. Since the early 1800's when records were initially kept, major earthquakes have been occurring with regularity throughout California. In fact, United States Geological Survey studies indicate that over the

last 1,400 or 1,500 years major earthquakes have occurred on the southern portion of the San Andreas fault about every 150 years. The last occurrence was in 1857. Yes, the famous San Francisco earthquake (on the northern portion of the San Andreas fault) was 93 years ago, but since then we have had temblors of Richter magnitude 6 or greater in every portion of the state. My old seismology professor Charlie Richter used to say, "If you live in California and haven't been in a major earthquake, just wait, you will be."

The key is not to worry, not to panic, but to be sufficiently concerned to put by enough water and food supplies to last through any interruptions in services and local store availability of materials. By completing your Emergency Preparedness Registration form you will be reminding yourself to be ready.

### **STREET SWEEPING MONDAY, OCTOBER 4**

You are requested to have your vehicles off the streets and out of the parking bays. This will allow the sweeper to do a better job.

### **LANDSCAPE COMMITTEE UPDATE**

There were thirty-five homeowner requests for the month of September. Four of these requests are still to be completed.

The installation of mow curbs in the Sea Terrace I area has been completed.

It is the policy of the landscape contractor not to plant in July, August and September because of the weather. Planting will begin again in October. The budgets for planting in the common areas have been completed by the area representatives.

There are water drainage problems in the Mariner Gate area and they are being addressed by the landscape contractor.

### **DANA POINT CITY COUNCIL TV**

2nd and 4th Tuesday

Start 6:00 pm

Recess 6:50 pm

Resume 7:00 pm

## **TRAFFIC & SAFETY COMMITTEE**

1. **Computer Generated Passes:** The Committee adopted a system for generating passes by computer at the Mariner Drive gate. This will assist in identifying and keeping track of all persons receiving passes. This should speed up entry.

2. **Stonehill Pedestrian Gate:** The keypad number for the new pedestrian gate at Stonehill has been changed and will be posted for one month on the inner gate wall. The present code is 9712 until October 5, then it will be changed to 6285.

3. **Personal Identification Code:** Residents will be notified that a date will be set for mandatory use of the personal identification code (PIC) when calling in guests at the Mariner Gate.

4. **Future Planning for Access to the Community:** The members of the Traffic and Safety Committee are being asked to make recommendations for the future in regard to access to the community. This will cover all gates.

5. **Lincoln Security Service:** Residents are asked to make any complaints about Lincoln personnel to the NSCA office, not to the sentries. Lincoln has been asked to notify the sentries at Mariner Drive gate to release the sheriff's phone number to anyone requesting it.

6. **Speed Trailer:** Lincoln will move the trailer to the next site as scheduled by the committee. We have received word that it does alert drivers to their speed within the community.

7. **Vandalism Report:** There was no vandalism reported in August.

8. **Emergency Preparedness:** The emergency supplies for the community will be kept at the community center. There will be a meeting of all block captains and street leaders, possibly in November.

## **SHORES BLOTTER**

NO SUBMISSION

## **RECREATION COMMITTEE**

The Chili Cook-off ended with no contest but with some good food and drink for the 120 plus residents that showed up. Except for the unfortunate running out of chili, the evening was a big success. We apologize to those who were turned away. With such an enthusiastic crowd, we will do it again next year and we hope to be much better organized.

Special thanks go to those who helped put on this new program. They include Dan Johnson, Jack Christiansen, Jerry Milner, Lee Writer, Blair Baily, Ian Ross, Hal Therolf, John Buehler, Barbara and Tom Crist, Alice and George Freundlich, Marian and Jerry Pearl, Lavonne and Bob Borland, Chris and Don Beaver and fund-raising Gay Powers for her great desserts.

The annual Labor Day Bar-B-Que at the Bluffs was again enjoyed by a good turn out of Shores residents. The weather, which of late has been very cloudy, cooperated with sunshine later in the afternoon.

The Recreation Committee is looking forward to a great Steak Fry on October 16, Halloween for the kids on October 30, the Art Affaire on November 7, a Pot Luck on November 21, Christmas program in December and a new affair, a Forties Dance on February 12 of the new year. Please mark your calendar.

## GARAGE SALE

Our first Niguel Shores garage sale appears to have had mixed results. We had over forty homes participate. A few streets experienced a lot of action and had great fun socializing with their neighbors. Other street were quiet with little or no participation. The Assistance League of San Clemente would like to thank all the 38 homes that gave their left-over treasures to their thrift shop, the Bargain Box.

The Bargain Box is the main source of income for the Assistance League. The funds generated from this thrift store pay for Operation School Bill. This program provides clothes for more than 500 needy school children twice a year.

Susan Van Ness, a resident of Niguel Shores and member of the Assistance League did a great job in organizing these 38 Pick-ups. Special thanks to Don Beaver, Boyd Van Ness, Ian Ross and Jack Christensen for stepping up to help load the many items on to the truck. You all went beyond the call of duty. Thank you.

## HALLOWEEN PARTY

Join us for some spooky fun at Niguel Shores Children's Halloween Party!

**When: Saturday, October 30**

**Where: Community Center-MPR**

**Time: 5:00 pm to 6:30 pm**

Please come in costume for Halloween fun. Pizza and drinks will be in sale. There will be games, prizes and crafts to make this a special night! All the activities cost money so please be prepared!

This year the Halloween party will be a fund raising event for the After-school Program. We always need volunteers to help at this time of the year. It's so nice to see new people involved. To volunteer call Gay Powers, 443-0885.

## VOICE OF THE PEOPLE

### *"The Real Issue"*

*The decision on the Ports O' Call/Cabrillo entrance, to remove the Guard House and put in the least expensive gate plan is short sighted and entirely misses the point. Long range beatification of the Shores is an investment, not an expense. Since gates are only replaced every 25 years or so, any reserve requirement would have had to be minimal.*

*The real issue is prudent financial decisions that safeguard and maximize property values. Every home owner in the Shores or their heirs will sooner or later sell their home. For most of us, this is our single biggest asset. The images projected to the real estate buying public is often crucial as to whether the seller gets top dollar or it is discounted because it is not perceived to be as good as its neighbors. The Cabrillo Gate is crucial because of its very visible location next to the Ritz Cove, The Ritz Carlton, and the new upscale 2 Ritz Carlton Drive, all of which have invested to maximize their image and property values.*

*The Board should be obliged to protect the investment in all our homes by including an attractive guard house.*

*Byron Pollitt*

Letters are welcome and limited to 200 words, typed. Include name, address and phone number of writer. Refer to NSCA Rules #5221,2,3 and 4. Submissions due on the 17th of the month.

## FAMILY CLUB

A Big Thank You! The Family Club was thrilled to receive donations for the After-school Program from Barbara Underwood, a resident, and the Niguel Shores Women Club. It was an extremely generous and supportive gesture that is greatly appreciated by all the Niguel Shores children, parents and grandparents. It is such warm and happy feeling to know you care about our children.

The Family Club continues to believe the After-school Program is important and valuable to Niguel Shores. Unfortunately at the time of this news letter we have not raised enough money to have an After-school Program this year. There was substantial discussion of the After-school Program at the September 15 NSCA Board meeting with numerous community members speaking in support of NSCA funding. We will be continuing discussion with the Board in hopes of securing adequate funding. Of course donations are always welcome! Any questions, call Gay Powers 443-0885.

## WELCOME NEW RESIDENTS

Summer has brought a number of new families to Niguel Shores.

**Fred and Michelle Pardes**, who are "empty nesters", joined the community on Vista D'Oro in August. Fred is a business/real estate attorney and Michelle is an elementary school teacher. This couple has three children: David and Jennifer are graduates of UC Davis, and Jonathan attends Cuesta College in San Luis Obispo. A close friend and tennis buddy told them about Niguel Shores. They say they are sports fans and their major love is tennis. They say they cant wait to enjoy their home and the best half of their lives!

**Hans and Monique Dekker**, from the Netherlands, are living on Dosinia Drive and adjusting to a new country as well as to a new home. Hans is Manager of Engineering at Fluor Daniel Corporation and Monique was in charge of a small department at Toshiba Medical Systems in Europe. They have two little daughters- Lisa, who is two, and one-year-old Evi. They found their home through a colleague and fell in love with their view. This couple is sports minded, and they especially look forward to watching basketball. They find life very new in this country and are enjoying their experience so far.

**James McGraw** and his wife **Tomi**, along with their son Matthew and their granddaughter Jennie are enjoying their new home on Tampico Bay. James is an executive and his main residence is in Chatsworth. The family chose Niguel Shores for the location and the view. Their special sports interest is golf.

A warm welcome to all of these new neighbors!

## WOMENS GOLF

September 13: A special day honoring special people! NSWG's Memorial Monday was a festive gathering of good friends and a great turnout for golf, food and awards.

The day's trophy winners were Lavonne Borland, first place and Ceacy Johns and RoseMarie Lawson, runners-up. Vying for low gross honors were former members Ursula Hornbarger and Josette Umar. Other winners in the various categories were Margaret Banerian, Chris Beaver, Lorraine Bruns, Gretchen Letson-Rask, Betty Lewis and Carol McWilliams. Heading up the day's activities were RoseMarie Lawson and Peggy Bucci for golf, and Chris Beaver and Lorraine Bruns for not only luncheon at The Fountains but for all the personal contacts which produced attendance from many long-absent friends. Don Beaver is to be thanked, too, for having designed and supplied the day's memorial program.

On October 11, routine Fun Day activities resumed with Dee Johnston (248-7148) and Fran King setting the day's play at Aliso Creek-- check in at 8:00 am. Luncheon arrangements at the Community Center are in the capable hands of Nancy Candle (493-5318) and Joan Beer. All those who did not sign up at the September meeting are asked to call both Dee and Nancy for reservations. And if you have to cancel, call as well.

Mark you calendars now! The annual Christmas Party is scheduled December 13. NSWG will return to The Fountains for a gourmet luncheon following the morning's play. Details will be published in the November issue.

## MENS GOLF

Tin Chisel is a new game, it used to be Tin Whistle, it got changed because of the type of players in the Mens Club. Winners at San Luis Rey in "A" flight were Sanders, Pearl and Ellis. In "B" flight it was Van Ness, Murphy and Buehler. "C" flight it was Latham, McNichols, and Enger. Closest to the only hole we had marked was Latham.

The best course of the year challenged 28 players on September 14. The two "best balls" of the foursome format resulted in the first place team of Therolf, Miller, Writer and Buehler. Second place went to Ellis, Munz, Converse and Crist. Third place honors went to McNicholas, Lachel, Latham and Baufford. One team was disqualified because they turned in an incomplete card.

With this group it takes 17 holes to really get warmed up.

## MENS CLUB

The Mens Club of Niguel Shores meets in the multi-purpose room on the first and third Tuesdays of each month for breakfast, a short meeting and a speaker.

On October 5 our speaker will be Dianne McKinsey with the Charles Schwab Company. Dianne will demonstrate the use of the computer and the Internet to access your brokerage accounts and to trade stock on the Internet.

On October 19 Dr. Michael Gillman will be our speaker. Dr. Gillman is an Orthopedic doctor specializing in the foot and ankle. He will speak about maintaining the health of feet and ankles as well as answer general orthopedic questions.

We hope all men in the community will feel invited to participate in the Mens Club. If you are not a member, please come and visit us. Be our guest and sample the club fellowship.
