Dear Homeowner,

To those parents in the community who have been kind enough to bestow upon their offspring a two wheeled vehicle named motorcycle or moped I offer the following. Hundreds of complaints are taken at the Recreation Center each month for driving on sidewalks, speeding, no registration or license plates, and unsilenced exhaust systems. If you have been awakened at 2:00a.m. by the overwhelming noise, seen near tragedy between pedestrian and cycle on a sidewalk, watched as the grass is torn up by the tires, then you know what I mean. PARENTS PLEASE!! THEY ARE YOUR RESPONSIBILITY AND YOUR LIABILITY, NOT OURS.

Those witnessing violations should get a license number, an address if possible and be prepared to identify the operator. Management will either contact the parents or press charges.

Many private communities have voted to ban cycles on their private streets. I am not proposing this now, but I can sure see it happening if the problem goes unabated.

The question of the month, "Who cut down the trees in the common area just below Dosinia? An investigation is underway and those responsible should have legal counsel.

I understand one absentee landlord owning just below the same homes is now moving to California and is initiating suit against a specific resident for cutting down 22 trees on his private bank. To that unlucky resident with the saw, be aware Association will also sue with proof.

Your Association spent nearly \$600.00 for a welder to repair wrought iron fencing last month only to have school children take a hack saw and cut out those repaired portions. Wow!! What a happy letter this month. Hopefully you get the picture, we need your help to eliminate these time consuming expensive problems.

It sure seems like time moves a little faster every year. Birthdays get closer together, the seasons seem to be shorter and Christmas must certainly be coming more than once a year. Aside from what it seems like December 25th is just around the corner. I know the Board of Directors joins me in wishing you and your family a Merry Christmas and Happy Prosperous New Year.

Sincerely,

Hal Sullivan

MOTHERS CLUB

- LOOKING BACK -

Our November meeting on "Crafts" (Christmas and other) stirred up a lot of super ideas for the ladies attending. Hostesses, Sue Hardy & Beth Erickson's choice of crafts to demonstrate, got our wheels turning for the pre-days of Christmas. The laughter and good times echoed from the Recreation Center and a few curious passers by stopped to see the fun. I would like to invite and encourage any member of the community to feel free, wanted & welcome to come to any of the coffees or luncheons you happen to see, hear, smell or hopefully read about in the future.

- SUCCESS -

The Trick-or-Treat for UNICEF drive was great. Thanks to all the kids and parents who turned out in droves to participate and celebrate. Special thanks to the Buchner family for rolling all those coins.

- CATCHING UP -

The community Hay Ride sponsored by the Mom's Club was postponed. Originally scheduled in November it has been re-scheduled next year. Check the news letters in the coming months for an up-date.

- NEXT MEETING -

Our December meeting will be hosted by Linda Duffer in her home at 33452 Cockelshell Drive. It will be a Christmas gift exchange. We would like to encourage a hand made craft such as an ornament, but if you wish to purchase a gift a \$3.50 maximum has been set. This will be a pot-luck salad lunch and will begin at 12:30p.m. Hope to see you there.

WHO'S WHO AND WHAT'S DOING

By Albert and Bertha Johnson

Advent and Hanukkah! It's a right time to hail some of the volunteers in our community, and they are many. Maybe the good things they do and the fun they have doing them will excite other Shorians to serve.

Grace Okamoto is the new and hard working president of the Richard Henry Dana Elementary School P.T.A., and other neighbors on the P.T.A. board are: secretary, Jo Anne Dougherty; treasurer, Linda Lund; volunteer aide chairman, Carol Sue Mullen; hospitality, Judy Tuttle; resource center co-chairmen, Kathy Jones and Melanie Phillips; safety chairman, Anna Tally; publicity, Tanya Celenze; Della Parsons, cultural arts chairman.

Meals on Wheels - Volunteers work out of the South Coast Hospital and drive or assist drivers in delivering meals and a cheery word to shut-ins. Catherine and George McDonald, Betty Henderson, Marguerite Printz, Alicia Roberts are involved in this worthwhile activity.

Lawyers' Wives of Orange County - Shirley Smith and Hilary McGrath give tours of the Municipal Court House, Laguna Niguel, to Junior High and High School students. Included in these interesting and informative tours are "mock trials" and a visit to a trial in progress. Mrs. Smith is also involved in the new Orange County Legal Education Program, in which volunteers are trained to give a presentation for a specific grade level, involving awareness of rights and responsibilities under the law.

South Coast Literacy Council - Volunteers go to a 10 week training session that enables them to teach foreign born adults to learn to speak, read, and write English. Margaret Vetter is now attending the training sessions, and Lois Alexander and Betty Gordon are presently tutoring at Dana Hills High School. The need for tutors is greater than there are people to fill it. Your cue, if you've time on your hands.

WHAT'S DOING? A lot of stewing over a lot to stew about. Illegal motorcycles endangering our small fry, gate crashing, fence breaking, everything going to pot! Complaints, complaints. Who's to blame? Management? The Board? The hard working committees? Maybe. But it isn't "them" against "us", or "us" against "them". "They" need our constructive input. Let's turn it around. Instead of griping let's be creative, cooperative, and responsible citizens.

In the spirit of Sadat and Begin, let's try "Shalom".

December: season of sunsets, whale watching, wassail, and loving good will. Happy Hanukkak, Merry Christmas!

TENNIS NEWS

Twenty-four players participated in the well organized Round Robin hosted by Christy & Jim Knoska and Nancy & Tuck Coop on Sunday, November 13th. We enjoyed courtside snacks and drinks while cheering on the players in the spirited finals. Nan Danniger and Jim Knoska were the victors in a close match over Greg Danniger and Sandy Kirby. Our thanks to the Knoska's and Coop's for providing us with such a fun day! Watch for the next tennis social in February.

The Ladies Day Round Robin on Thursday, November 10th was also a great success according to all the reports from the sixteen participants. Nan Danniger and Barbara VanBrunt were the high scorers after 2½ hours of round robin play. We all extend our thanks to Marty Poivre for inviting us to her home for the lively luncheon that followed.

Ladies Day Tennis will continue throughout December with Advanced players at 9:00a.m. and Intermediate at 10:30a.m.

It has come to the attention of the Tennis Committee that some players have been abusing the rules by booking the courts for two hours of singles play during the week. This is a particular discourtesy to your fellow tennis players during prime time. It is obviously unfair for two players to monopolize a court for two hours when they are in such demand. We ask for your voluntary co-operation in this matter.

UP & COMING YOUNG TENNIS CHAMP

Mary Stegemann, a vacation and weekend resident of Faerøe Bay, has been awarded the Most Valuable Singles Player Trophy on the Walnut High School girls Varsity tennis team.

Walnut, once again, won the Hacienda League championship with a 14-3 season record and is now in C.I.F. competition. They beat Barstow, their first C.I.F. opponent, with Mary playing in the number one position. Their next opponent is not as yet determined.

This was Mary's second successful season in High School tennis and she is looking forward to the College ranks next year. Her sister Jane is currently on the Cal Poly University Varsity tennis team.

CHRISTMAS
TO
ALL...

The text is surrounded by several clusters of holly leaves and berries. The leaves are pointed and have serrated edges, while the berries are small circles. The clusters are positioned around the words 'CHRISTMAS', 'TO', and 'ALL...'. There are three clusters: one to the right of 'CHRISTMAS', one to the left of 'TO', and one to the right of 'ALL...'. The berries in each cluster are arranged in a small group, with some having small stems.
