NSCA Recreation Amenities Construction Update – September 19, 2023

The perimeter fencing is up and the construction area has been isolated from public access. The greenbelt entrance off Atlantic is ready for construction equipment access. As with any construction project we are experiencing minor, unforeseen delays. Due to the demolition not starting as anticipated, the community pool, spa and tennis courts #3 & #4 are open today, Tuesday, September 19 thru Wednesday, September 20. These amenities are then anticipated to close again with the beginning of demolition planned for Thursday, September 21 due to health and safety concerns, with lots of debris and dust. We will monitor the demolition periodically and if it is determined that we can safely open these amenities sooner than anticipated we will do it. Please watch the website for updates and we will send additional updates via email blasts to the community as soon as information becomes available.

Thank you all very much for your patience and understanding during the construction of these new amenities.
