

## ***NIGUEL SHORES RESIDENTS***

The Recreation Amenities Committee is excited to update the Community on the schedule for the project which will commence on September 12, 2023.

### **WHAT IS THE CURRENT UPDATE???**

The markings of our utility lines occurred on September 5<sup>th</sup>; hence you will notice paint lines in various places in the Community Park. This will enable the construction crew to avoid hitting buried lines in the demolition areas, and all are asked **NOT TO REMOVE OR ERASE THE PAINT.**

The benches, picnic tables, playground equipment, shade canopies and other amenities have been ordered for the Courts and Park area with the installation scheduled for late Fall.

### **SCHEDULE FOR WEEK OF SEPTEMBER 11**

Arrival of fencing, construction and demolition equipment will begin to arrive on September 12, and will include the installation of the fencing around the areas involved in the demolition. **Effective September 13 the playground, pool, spa and tennis courts #3 & #4 will be closed.** Please be aware that the arrival of the equipment and forthcoming demolition will be noisy and dusty. Check the Niguel Shores website and your emails for updates on the demolition. If your home is close to the Community Park, we encourage the covering of outside backyard furniture.

### **QUESTIONS????**

Updates will be posted on the website & eBlasts will be sent periodically. Check the Niguel Shores website for ongoing updates and the construction schedule. In addition, the Recreation Amenities email address ([NSAmenities@gmail.com](mailto:NSAmenities@gmail.com)) is active for questions concerning the project. Your questions will be answered ASAP!
